

7.1.5 GREEN CAMPUS INITIATIVES

POLICY DOCUMENT ON THE GREEN CAMPUS

Green Campus: A Green Campus is a place where environmental friendly practices and education combine to promote sustainable and eco-friendly practices in the campus. The green campus concept offers an institution the opportunity to take the lead in redefining its environmental culture and developing new paradigms by creating sustainable solutions to environmental, social and economic needs of mankind.

A. Objectives of the Go Green Programme:

The first step of the Go Green Programme involves establishing a viable Green-Campus Committee, with in the organizational structure of the Institute. Hence, to give this initiative more clarity and authenticity, we now rollout a POLICY DOCUMENT spelling out the strategies, plans and other allied tasks to make this Program functional officially.

We believe that greening the campus is all about sweeping away wasteful inefficiencies and using conventional sources of energies for its daily power needs, correct disposal handling, purchase of environment friendly supplies and effective recycling program. The administration of the Institute believes that everyone has to work out the time bound strategies to implement green campus initiatives. These strategies need to be incorporated into the institutional planning and budgeting processes with the aim of developing a clean and green campus. Every individual of DVR & Dr. HS MIC COLLEGE OF TECHNOLOGY Campus will work, may he/she be a student, faculty and support staff to foster a culture of self-sustainability and make the entire campus environmental friendly. The Green Campus Initiatives (GCI) will enable the institution to develop the campus as a living laboratory for innovation.

Composition of the Go-Green Committee:

1. Principal of the college-Chairperson
2. IQAC Coordinator-Secretary
3. Faculty Representative nominated by the Principal
4. Student Representative-General Secretary of the college
5. Non-Teaching Staff Representative-Office Superintendent
6. Parent Representative-Secretary of the Parent Teacher Association
7. Industry Representative-Member of Alumni Association

B. Role of the Go-Green Campus Programme:

The impetus for a successful Green Campus must begin at the top and emanate throughout the rest of the campus. Without a strong message of commitment and involvement from both the

E mail: office@mictech.ac.in, Website: www.mictech.edu.in

Chairperson and members of the Committee, well-intentioned initiatives may be too fragmented to allow for Institute-wide participation. Thus in view of this, the committee will plan and execute to:

1. Seek views of all the Stake holders to make the Go Green Campus initiative functional throughout the year.
2. Conduct the Campus 'environmental impacts to identify the targets for improvements.
3. Establish a Green Campus Environmental Ethic Awareness campaigns.
4. Set forth a Green Campus Mission and a Statement of Principles.
5. Link Green-Campus activities to Academics in the Institute.
6. Organize Awareness Programs for the students, faculty and society.
7. Chart out a yearly planner for the Institute, local community and Stakeholders.
8. Develop a strategic plan and create student teams to carry out specific tasks of the strategic plan. For instance a plan to save energy at the institute level with time bound plan to install Solar Power Station mandatorily at the top of Institute building. This will enable the institute to have 24x7 power supply.
9. Phase out the CFL and conventional light source such as bulbs and tube lights, halogen and mercury street/ campus lights and get them replace by the LEDs.
10. Conduct an Annual Green, Environment and Energy Audit.
11. Purchase only Energy Efficient Computers or any other equivalent.
12. Establish public / private partnerships with personnel from federal, state, and local environmental agencies, utilities and the business community.
13. Evaluate daily operations in terms of pollution prevention, waste stream management, and energy efficiency reducing, reusing, recycling, and repairing wherever possible.
14. Secure a commitment upfront from the people in charge that well-founded recommendations will be acted upon once audits are completed.

C. Promotion of "Save Energy Tips" in and outside the Institute:

- Activate power management features on your computer and monitor so that it will go into a low power "sleep" mode when you are not working on it.
- Turn off your monitor when you leave your Table.
- Activate power management features on your laser printer.
- Whenever possible, shut down rather than logging off
- Turn off unnecessary lights and use daylight instead.
- Avoid the use of decorative lighting.
- Use LED or compact fluorescent bulbs.
- Keep lights off in conference rooms, classrooms, lecture halls when they are not in use.

E mail: office@micttech.ac.in, Website: www.micttech.edu.in

- Use the fans only when they are needed.
- Unplug appliances not plugged into power strips (like TVs, Refrigerators, ACs, tea/coffee pots, printers, faxes and chargers etc.)

D. Waste water management/Rain water harvesting:

The Institute has to work in the direction of waste water management particularly in student's hostels. Water flow restrictors on bathroom faucets and showers, low water flow toilets and automated urinal flushers should be used to cut down campus water use. The Institute will take all necessary measures to implement waste water management/ rain water harvesting.

E. Major Green Campus Initiatives:

- ISO Certification 9001:2015
- Installation of Solar Power Station
- Waste water management/Rain water harvesting
- Sensor based energy conservation
- Maintenance of water bodies and distribution system in the campus
- Plastic free Campus
- Tree Plantation Drive
- Cleanliness Drive
- Landscaping and gardens
- Use of LEDs only
- Digital Library/E-Learning Centre
- Organization of sensitization programmes for the stakeholders
- Green Environment and Energy Audit conducted
- Restricted entry of automobiles
- No Vehicle Day observed

The Institute will make all the necessary efforts to involve the students, faculty and staff in "Green Campus Initiatives" by designating the volunteers of NSS, printing T-shirts and Caps with green campus initiative slogan specially designed for the purpose.

4. Ban on use of plastic:

DVR & Dr. HS MIC College of Technology celebrating the World Environment Day on every 5th of June and organizing the activities related to environment protection.

- A pledge was taken by the members of the college community concerning "Take away the use of Plastic" in the campus to beat the plastic pollution.
- Everyone in the campus took initiatives to make the campus "Plastic free zone".
- Volunteers of NSS took major part in such type of activities by conducting rally and awareness activities such as Swachha Bharat Abhiyan, Clean and Green, Environment Day in addition with Earth Day. Energy conservative day in and around the college.
- Main motto of conducting such type of events is for only Ban of Plastic, Ban of carry bags, and Ban of polythene to save our lives.

Circular

Sub: Ban on single use plastic on DVR & Dr. HS MIC College of Technology campus.

The plastic waste has emerged as one of the biggest environmental concerns adversely impacting the soil water. Health and well-being of citizens at large. The limited waste disposal systems have become a challenge to dispose of plastic waste materials especially the single use plastic.

To reduce the usage of plastic, the University Grants Commission has issued special guidelines to all the higher education institutions to impose ban on single-use plastics on the campus.

Accordingly, it is hereby circulated for information of all concerned that the competent authority of DVR & Dr. HS MIC College of Technology has decided to take following steps to put ban on single use plastic materials on the campus:

1. To ban use of single-use plastics in canteens, campus premises, hostels, etc.
2. To strive to make the campus plastic-free by systematically banning use of plastics and replacing the same with suitable environmentally friendly substitutes.
3. To carry out awareness drives and sensitization workshops on the harmful impacts of single use plastics.
4. To mandate all students/staff members to avoid bringing non-bio-degradable plastic items on the campus.
5. To avoid the use of plastic water bottles, bags and encourage use of alternative solutions like cloth bags, paper bags etc.
6. To keep signboards at various places to give wide publicity to ban on use of plastic/polythene on the campus.

Circular

Sub: Ban on single use plastic on DVR & Dr. HS MIC College of Technology campus.

The plastic waste has emerged as one of the biggest environmental concerns adversely impacting the soil water. Health and well-being of citizens at large. The limited waste disposal systems have become a challenge to dispose of plastic waste materials especially the single use plastic.

To reduce the usage of plastic, the University Grants Commission has issued special guidelines to all the higher education institutions to impose ban on single-use plastics on the campus.

Accordingly, it is hereby circulated for information of all concerned that the competent authority of DVR & Dr. HS MIC College of Technology has decided to take following steps to put ban on single use plastic materials on the campus:

1. To ban use of single-use plastics in canteens, campus premises, hostels, etc.
