Dear Munwar,

Congratulations and welcome to the University of Central Missouri! We are excited to offer you admission to the MS Computer Science program for the Fall 2023 semester.

Please continue to check your email. You may receive additional information from the program coordinator regarding your admission. In addition, you will receive more information regarding our online international orientation process.

If you are a new student, you should receive an email within 24 hours of admission with your network ID and instructions on accessing MyCentral. If you do not receive an email, and it is not in your Spam folder, please contact tsc@ucmo.edu. If you are a returning student, you will not receive that email as you have already been assigned a network ID. If you need assistance retrieving your network ID, please contact our office.

Please let us know if you have any questions about your next steps. For specific questions about the program or which courses to enroll in, please contact the program directly.

Sincerely,

International Student Services
University of Central Missouri

Reminder: You will not be able to enroll in classes until we receive all of your final official transcripts (evaluations) from all college/post-secondary institutions attended (including provisional certificates and/or diplomas for international students) that meet the GPA requirements of the University.

Dear William Cary,

On behalf of the School of Engineering, I am delighted to inform you that you have been admitted into the **Master of Science in Computer Information Systems (MSCIS)** program at Christian Brothers University for the **Fall (August) 2023** term. Your student ID number is **899487422**. You will need this number in order to conduct business with all offices on campus.

Your I-20 will be processed by our Designated School Officer, and you will be contacted as soon as it is received.

IMPORTANT: You are required to submit official transcripts from all colleges/universities attended prior to enrollment.

Please note that all students who take classes on campus or utilize campus facilities must submit a **Student Health Form** and **Influenza Vaccination Verification** using the following link: **New Student Health Services On-Boarding Verification Form**. COVID vaccinations are strongly encouraged, and you may also use this form to submit your **COVID Vaccination Verification**.

If you have any questions, please contact me at rprice@cbu.edu or 901-321-3412.

I wish you the best of luck in the MSCIS program and offer you my personal congratulations on your acceptance.

Welcome to Christian Brothers University!

Best Regards,

PH.D.

CHRISTIAN BROTHERS UNIVERSITY

Dear Kartheek,

Good news! You have been recommended for admission to the Industrial Engineering - Master's program for the Spring 2024 semester at Wichita State University. As of today we are missing one or more of the following materials in order to finalize your admission:

- **Certification of Financial Support (CFS) Form** - International applicants must prove that they have the financial ability to pay for their tuition, books, and living expenses while they study in the U.S. This is a WSU form that is required. Please click on the link above and fill it out. You can find an example of this form below. To see required costs for an i-20, please review the basic costs for international students.

Certification of Financial Support
Graduate Students Academic Year 2023-2024

Section A: Student Information

Section B: Estimated Expenses

Category	Description	Amount
Personalized Cost Estimate for 9 Months	Total Tuition & Fees	\$12,000
	Books and Supplies	\$1,000
	Room and Board	\$10,000
	Transportation	\$500
	Other Personal Expenses	\$1,500
	TOTAL AMOUNT REQUIRED OF BANK STATEMENT	\$27,000

Section C: Sponsorship Information and Signature

Sponsor: Family/Friend using PERSONAL funds
Name of Sponsor: John Doe
Relationship to Student: Father
Type: Bank Statement, Balances
Bank Name: Chase
Address: 123 Main Street, Wichita, KS 67201
Date: 01/01/2024

John Doe 1/28/2024

Section D: Required Financial Documents

REQUIREMENTS:

- 1. Bank Statement showing funds available to cover tuition, fees, room and board, and other personal expenses for the academic year.
- 2. Letter from your sponsor indicating they are willing to provide the funds listed on the CFS form.
- 3. Letter from your sponsor stating they are financially able to support you during your studies at Wichita State University.
- 4. Evidence of funding, such as scholarship offers or employment contracts.

Section E: Instructions

1. Click [here](#) to download the CFS form.
 2. Attach a copy of your bank statement or bank letter which meets all requirements as listed in Section D.
 3. Do Not Forget to come check if you have a question or any doubt about the application process.
 4. Submit the completed form and evidence of financial support to CFS.
- CFS FORM FOR INTERNATIONAL STUDENTS: Email this form and your financial documentation to isg@wsu.edu
► www.wichita.edu/gradschool/ for more information about the application process.

**Information About Dependents
Accompanying the Student to the U.S.**

Section F: Student Information
First Name: John Doe Other Family Member: John Doe
Last Name: Doe Date of Birth (mm/dd/yyyy): 01/01/1990

Section G: Dependent Information

Relationship	Name of Dependent as listed in Passport	Date of Birth (mm/dd/yyyy)	Country of Birth	Country of Citizenship
Father	John Doe	01/01/1990	USA	USA

- **Financial Support Document** - Typically bank statements, scholarship offers, or other evidence of funds. Your funds must meet the total amount required on the Certification of Financial Support form. Bank statements must match your sponsor on the CFS form.

Nagasai, Mirthivada
India

Dear Nagasai, Mirthivada:

May 19, 2023

Upon reviewing your application for admission to Graduate School at Auburn University at Montgomery (AUM), I am pleased to inform you that you have been admitted into the MS in Management Information Systems program. You are required to submit your official transcript and diploma of a completed B.S. degree before the end of your first semester of enrollment. If you are unable to provide the documents by that time, you must contact your academic advisor before being allowed to register for future semesters.

Degree:	Master of Science
Major:	Management Information Systems
Student ID#	S00442515
Term:	Fall 2023

Please note, it is AUM's academic policy that all graduate students must maintain a 3.0 overall GPA to continue their enrollment in the program.

Check-in and International Student Orientation for all new international students will be held on August 9th, 10th, and 11th, 2023. It is mandatory for all incoming AUM international students. Fall 2023 classes begin August 16th, 2023.

Please contact Ms. Cur'Tara Peterson, Academic Advisor/Outreach Coordinator, at cpeters3@aum.edu if you have any questions concerning the MSMIS Program. You should be pleased to know that the business programs offered by the College of Business at Auburn University Montgomery are accredited by the Association for the Advancement of Collegiate Schools of Business International (AACSB).

Choosing Auburn University at Montgomery means engaging in challenging academic pursuits and exploring opportunities that will prepare you for your future—any future you can imagine. You will do this in one of the world's greatest cities, full of opportunities to enjoy culture, sports, the arts, and great food.

I am delighted you have chosen AUM to pursue your graduate education and hope you find your graduate work both enjoyable and profitable. On behalf of our faculty and staff, I look forward to welcoming you as a member of the AUM family.

Sincerely,

Dr. Matthew Ragland
Associate Provost for Graduate Studies and Faculty Services

Nagasaki, Mirthivada

Program: Management Information Systems, MS

Congratulations! Based on your academic achievements, I am pleased to award you the *International Graduate Focus Scholarship* at Auburn University at Montgomery (AUM) for the 2023-2024 academic year. This is an outstanding accomplishment for which you deserve the highest commendation.

The *International Graduate Focus Scholarship* is an award totaling up to \$10,000 paid in increments of \$2,500 per semester for the length of your program.

Your scholarship will begin in Fall 2023. Your scholarship will be renewed automatically if you maintain good academic standing.

**Please note: Those receiving athletic waivers/scholarships, graduate assistantships, or any other tuition waivers will not qualify for this award.*

Again, congratulations on your selection as an *International Graduate Focus Scholarship* recipient. If you need additional information or assistance, please contact the Office of Global Initiatives at global@aum.edu.

Welcome to the AUM family!

Sincerely,

A handwritten signature in black ink that reads "Sameer Pande".

Provisional Admission

Dear Ganesh Manikanta Sanchi:

On behalf of the USF President, the USF Board of Trustees, and the faculty, staff, and students of the University of South Florida CONGRATULATIONS on your official admission to the University of South Florida Tampa Campus. We welcome you to the Master of Science degree program in Business Analytics and Information Systems for the Fall 2023 semester. Based on our most current information, your residency classification for tuition purposes is Non-Florida Resident, International.

For information about Florida residency, New Graduate Orientation, and to learn about the next steps to enroll as a graduate student, please visit Admitted Graduate Students Checklist webpage at admissions.usf.edu/grad-checklist.

You have been provisionally admitted because we are missing the following item(s). To remove the provisional status, please submit the following as soon as possible, and no later than the end of your first semester of enrollment:

Final Official College Transcript with Bachelors degree India (All Col)
Diploma/Grad Certificate Awarded or Provisional

Also, international students must complete the immigration check-in process. As an international student, you will receive an email with details on how to access iStart, the university's system for immigration documents and tasks.

Again, I congratulate you on your admission to the University of South Florida. I wish you every success in your pursuit of academic excellence.

Sincerely,

A handwritten signature in black ink, appearing to read "SPG".

Dear Teja Sai Vinay,

Your application for admission to Graduate School has been reviewed. I am pleased to inform you that you have been admitted to the Master of Science in Management Science and Supply Chain Management program effective for the Fall 2023 semester.

Your admission status in this program is Full Standing. Please refer to our website [here](#) for more information about your admission level. In order for your admission to remain valid, you must enroll and complete at least one course as a graduate student within one calendar year of the effective semester of admission. Please note: Any transcripts or test scores used to evaluate you for admission were considered unofficial if uploaded along with your application. You will be required to submit official transcripts from schools where you obtained a degree and, *if applicable*, any school where you have taken graduate credit. You will also need to send official test scores to WSU. These items will be due by the 20th day of class for the semester you are admitted.

- It is important to contact your advisor as necessary regarding course selection, program requirements, and admission status. You have been assigned **Mehmet Barut** as your advisor. You can reach your advisor at mehmet.barut@wichita.edu or **316-978-6967**.
- Although you should meet regularly with your advisor, as a graduate student, you will be expected to take responsibility for your individual program of study. You will find the Graduate Catalog to be an important source of information in this regard. In order to assist with your progress toward earning your degree, I encourage you to refer to the Graduate Catalog online at www.wichita.edu/catalog.
- You have been classified as a International Non-Resident for tuition purposes. If this information is incorrect, please contact the Registrar's Office at 316-978-3672, or visit their website at www.wichita.edu/residency. Please note: Online programs are resident neutral for tuition purposes.

Your student identification number is called your myWSU ID. Your myWSU ID is Z334H277. Activate it by going to [MyWSU](#), your student portal. You will then be able to log into the myWSU portal, where you can enroll in courses, access your WSU email account, pay tuition/fees, and view your financial aid award status. Welcome to your new program!

Sincerely,

A handwritten signature in black ink that appears to read 'Coleen Pugh'.

Congratulations, Dilipkumar!

On behalf of President Steven H. Kaplan and our family of over 60,000 alumni, I am delighted to inform you that you have been accepted into our **Mechanical Engineering, MS** program for the **Fall 2023** term.

At the University of New Haven, we are confident you will have an exceptional graduate experience and will build a strong network necessary for success in today's highly competitive world. Our rigorous academic programs and dedicated faculty will assist you in fulfilling your career goals and will set you on the path to professional growth.

We are guided by the following core values as they are the foundational elements of our culture and how we approach issues and make decisions essential to advancing the University of New Haven Mission.

- Student Centered: We place their success at the center of our decisions and activities to cultivate their full potential academically and personally.
- Engaged and Inclusive Community: We foster and celebrate diversity, inclusion, equity and access and strive for continuous improvement of these.
- Impactful Education: We intentionally engage our students in experiential education to prepare them for purposeful and fulfilling lives in a global society.

To begin the process of enrolling at the University of New Haven, please complete your offer reply form within your Accepted Student Portal by April 19, 2023. Once you have received your F-1 visa (passport stamped by the US Embassy), you will need to pay an enrollment deposit of \$500 to ensure your seat is confirmed for your program. The enrollment deposit is \$500 for students living off campus or \$700 for students looking for on-campus residential housing. An enrollment deposit is required for all graduate students who decide to attend the University of New Haven. Your acceptance is contingent upon the receipt of all final official documents and official test scores, if applicable.

We look forward to you joining our community and wish you every success in the future.

Sincerely,

Abigail Burkhardt
Director of International Admissions

January 24, 2022

Dear Kartheek:

Please see attached your form I-20, which will be needed for any F-1 visa related processes, to include visa interview, crossing the U.S. Border, and check-in with your International Student Services Office at The University of Memphis. The I-20 serves as your official documentation of the invitation to attend school inside the U.S.

Our office is extremely pleased that you will be joining us at Memphis, and we remain committed to providing necessary information for students who are seeking to maintain compliance with the U.S. government's Student and Exchange Visitor Information System monitoring requirements. It is also our hope to guide students to the best offices, both on and off campus, for any student needs upon arrival or throughout the school year.

As we get closer to your first day of classes, I hope you peruse our online resources for new students. Our ISS web pages (see link below) contain information for new students, to include information about hiring paperwork if you have on-campus employment, social security number applications, mandatory health insurance for international students, driver license processing, and more.

As always, please contact us with any questions: TheWorld@memphis.edu and be sure to check our webpage for specific updates, international student programs, and other special announcements. <http://www.memphis.edu/iss/>

Notice of admission for the Master's program Renewable Energy Systems (M.Eng.) in 1.FS for Wintersemester 2023

Hello Pujari Gopal Kuruba,

You have submitted a request to be admitted to study at Nordhausen University of Applied Sciences in winter semester 2023. I am pleased to inform you that you have been accepted to study the master's degree course in Renewable Energy Systems.

Your application was considered in the admission procedure for winter semester 2023/2024, and you have been accepted to study at Nordhausen University of Applied Sciences in winter semester 2023/2024 . The admission is in accordance with the fourth amendment of the Study and Examination Regulations (Studien- und Prüfungsordnung) for the master's degree courses in the Department of Engineering at Nordhausen University of Applied Sciences from 24 October 2022, published in Official Bulletin no. 18/2022 of Nordhausen University of Applied Sciences. Admission is subject to the condition that you submit your APS certificate to the Study Service Centre by the day of enrolment/matriculation at Nordhausen University of Applied Sciences.

Please send us your passport number and the application date and application number of the Academic Evaluation Centre (APS) certificate via e-mail to ssz@hs-nordhausen.de.

Useful information on formalities after admission can be found in the checklist at <https://www.hs-nordhausen.de/en/international/come-in/formalities/>.

Information on living and studying in Nordhausen can be found here <https://www.hs-nordhausen.de/en/international/come-in/living-and-studying-in-nordhausen/>.

Please confirm the acceptance of your place at the university in your Application Portal by 15 August at the latest and subsequently use the option of online enrolment. After you have accepted your place in your Application Portal, you will receive further information on student accommodation in Nordhausen and on the start of your studies.

Dear Hemanth,

Congratulations on your admission to the University of Bridgeport's Mechanical Engineering (M.S.) program for the Spring 2023 semester! We applaud your commitment to your professional development and wish you success in reaching your educational and career goals.

To begin the I-20 process, please visit your application portal at bridgeport.edu/nextsteps and make sure you have uploaded the following documents needed to process your I-20:

1. Official Bank Statement, dated within the last 6 months
2. Passport Biographical Page
3. Affidavit of Financial Support - This can be completed online at bridgeport.edu/affidavit

All new students must report to campus on **January 3, 2023**. Classes for the Spring Session begin **January 9, 2023**. Please plan your travel accordingly to ensure your attendance.

Please note the following information:

- You must submit the following documents on or before your arrival date to campus:
 - * Official test scores required to secure your admission
 - * All final official transcripts/mark sheets and degree certificates from previous institutions attended
- Health Insurance enrollment through the University is automatic and mandatory.
- Tuition and fees are subject to change.

On behalf of the entire University of Bridgeport community, congratulations on this exciting accomplishment. We hope you choose to join us for the Spring 2023 semester. It is clear from your application you are excited for this challenge, strive for excellence and want to make a difference in the world.

Sincerely,

Allison Garris, Ed.D.

College of Graduate Studies

May 18, 2023

Sai Reddy Dharmavarapu
H.no8-1409,DSR Granites Marrichelapalem
Prakasam 523253

2886408

Dear Sai Reddy,

Congratulations! Thank you for applying through the Graduate Direct application process. On behalf of the College of Graduate Studies, I am pleased to inform you of your acceptance to Cleveland State University for the Fall 2023 Term. Our records show that your intended program of study is M.S. Mechanical Engineering.

We are confident that your academic background and unique experiences will contribute to our diverse graduate student community and tradition for academic excellence. Furthermore, we believe that you are the type of motivated student that will thrive in Cleveland State University's engaged learning environment.

Along with this letter you will receive information on next steps: your visa document and instructions, health insurance requirements, and the academic calendar, among other important information. In addition, read about your options for housing and meal plans, instructions to arrange for airport pick-up, and details about the upcoming orientation program that you will attend. Please also prepare your official transcripts for presentation upon arrival.

Cleveland State Global offers a variety of support services for international students designed to help you prepare for your arrival and acclimate to your new life on campus at Cleveland State University. Student support services include visa interview preparation, assistance with your year-one course selection, advising, and pre-arrival support. You will have access to signature student experiences including airport pick-up, cultural events, and career and internship preparation. All students participate in student orientation, and our dedicated advisors are available to assist you with flexible course selection and registration.

As you continue to move forward with the next phase in your educational career, we are here to help you and to answer any questions you may have about Cleveland State University. Please contact us at admissions@clevelandstateglobal.org.

Cleveland State University is the university of choice for talented students who are intellectually curious, serious about their studies, and intent on advancing their lives through higher education. I believe that you will find your program of study challenging and rewarding and look forward to seeing you on campus very soon.

Again, I offer the warmest congratulations on your admission. On behalf of the College of Graduate Studies, I welcome you to Cleveland State University!

Sincerely,

Meredith Bond, Ph.D.
Interim Dean, College of Graduate Studies
Interim VP, Research and Innovation

UNIVERSITY OF CENTRAL MISSOURI

LEARNING TO A GREATER DEGREE

Mar 03, 2023

Sahith Naga Sai Uppala
15-66/6,F.No:107,Whisper Meadows, Prabhunagar,
Poranki
Vijayawada Andhra Pradesh
India 521137

Your Student ID Number: 700755470

Dear Sahith Naga Sai,

Congratulations! We are pleased to admit you to the M.S. degree program in Industrial Management at the University of Central Missouri for the fall 2023 semester. You have been granted regular admission which means you have satisfied the University of Central Missouri's minimum English proficiency requirement. This program will be located at the Warrensburg Main Campus: KAN214F00100000.

Classes begin on August 14, 2023. **A mandatory orientation will be held during the week of August 7, 2023 that you must attend in order to enroll.** You will receive additional emails about orientation, arrival expectations, and other useful information to help you as you plan for your arrival to UCM.

Reminder – Prior to the start of the semester, all final official transcripts (evaluations) that meet GPA requirements, from all college/post-secondary institutions attended must be submitted. Additional testing may be required upon arrival.

Please include your student ID number in all future contact with this office. If you have any questions after reading through the material, please contact us at isss@ucmo.edu or by phone at (660) 543-4092. We wish you well as you begin your journey to the University of Central Missouri.

Regards,

Ashley Caldwell

INSTRUCTIONS TO STUDENTS

STUDENT ATTESTATION. You should read everything on this page carefully. Be sure that you understand the terms and conditions concerning your admission and stay in the United States as a nonimmigrant student before signing the student attestation on page 1 of the Form I-20 A-B. The law provides severe penalties for knowingly and willfully falsifying or concealing a material fact, or using any false document in the submission of this form.

FORM I-20. The Form I-20 (this form) is the primary document to show that you have been admitted to school in the United States and that you are authorized to apply for admission to the United States in F-1 class of admission. You must have your Form I-20 with you at all times. If you lose your Form I-20, you must request a new one from your designated school official (DSO) at the school named on your Form I-20.

VISA APPLICATION. You must give this Form I-20 to the U.S. consular officer at the time you apply for a visa (unless you are exempt from visa requirements). If you have a Form I-20 from more than one school, be sure to present the Form I-20 for the school you plan to attend. Your visa will include the name of that school, and you must attend that school upon entering the United States. You must also provide evidence of support for tuition and fees and living expenses while you are in the United States.

ADMISSION. When you enter the United States, you must present the following documents to the officer at the port of entry: 1) a Form I-20; 2) a valid F-1 visa (unless you are exempt from visa requirements); 3) a valid passport; and 4) evidence of support for tuition and fees and living expenses while you are in the United States. The agent should return all documents to you before you leave the inspection area.

REPORT TO SCHOOL NAMED ON YOUR FORM I-20 AND VISA. Upon your first entry to the United States, you must report to the DSO at the school named on your Form I-20 and your F-1 visa (unless you are exempt from visa requirements). If you decide to attend another school before you enter the United States, you must present a Form I-20 from the new school to a U.S. consular officer for a new F-1 visa that names the new school. Failure to enroll in the school by the program start date on your Form I-20 may result in the loss of your student status and subject you to deportation.

EMPLOYMENT. Unlawful employment in the United States is a reason for terminating your F-1 status and deporting you from the United States. You may be employed on campus at your school. You may be employed off-campus in curricular practical training (CPT) if you have written permission from your DSO. You may apply to U.S. Citizenship and Immigration Services (USCIS) for off-campus employment authorization in three circumstances: 1) employment with an international organization; 2) severe and unexpected economic hardship; and 3) optional practical training (OPT) related to your degree. You must have written authorization from USCIS before you begin work. Contact your DSO for details. Your spouse or child (F-2 classification) may not work in the United States.

PERIOD OF STAY. You may remain in the United States while taking a full course of study or during authorized employment after your program. F-1 status ends and you are required to leave the United States on the earliest of the following dates: 1) the program end date on your Form I-20 plus 60 days; 2) the end date of your OPT plus 60 days; or 3) the termination of your program for any other reason. Contact your DSO for details.

EXTENSION OF PROGRAM. If you cannot complete the education program by the program end date on page 1 of your Form I-20, you should contact your DSO at least 15 days before the program end date to request an extension.

SCHOOL TRANSFER. To transfer schools, first notify the DSO at the school you are attending of your plan to transfer, then obtain a Form I-20 from the DSO at the school you plan to attend. Return the Form I-20 for the new school to the DSO at that school within 15 days after beginning attendance at the new school. The DSO will then report the transfer to the Department of Homeland Security (DHS). You must enroll in the new school at the next session start date. The DSO at the new school must update your registration in SEVIS.

NOTICE OF ADDRESS. When you arrive in the United States, you must report your U.S. address to your DSO. If you move, you must notify your DSO of your new address within 10 days of the change of address. The DSO will update SEVIS with your new address.

REENTRY. F-1 students may leave the United States and return within a period of five months. To return, you must have: 1) a valid passport; 2) a valid F-1 student visa (unless you are exempt from visa requirements); and 3) your Form I-20, page 2, properly endorsed for reentry by your DSO. If you have been out of the United States for more than five months, contact your DSO.

AUTHORIZATION TO RELEASE INFORMATION BY SCHOOL. DHS requires your school to provide DHS with your name, country of birth, current address, immigration status, and certain other information on a regular basis or upon request. Your signature on the Form I-20 authorizes the named school to release such information from your records.

PENALTY. To maintain your nonimmigrant student status, you must: 1) remain a full-time student at your authorized school; 2) engage only in authorized employment; and 3) keep your passport valid. Failure to comply with these regulations will result in the loss of your student status and subject you to deportation.

INSTRUCTIONS TO SCHOOLS

Failure to comply with 8 CFR 214.3(k) and 8 CFR 214.4 when issuing Forms I-20 will subject you and your school to criminal prosecution. If you issue this form improperly, provide false information, or fail to submit required reports, DHS may withdraw its certification of your school for attendance by nonimmigrant students.

ISSUANCE OF FORM I-20. DSOs may issue a Form I-20 for any nonimmigrant your school has accepted for a full course of study if that person: 1) plans to apply to enter the United States in F-1 status; 2) is in the United States as an F-1 nonimmigrant and plans to transfer to your school; or 3) is in the United States and will apply to change nonimmigrant status to F-1. DSOs may also issue the Form I-20 to the spouse or child (under the age of 21) of an F-1 student to use to enter or remain in the United States as an F-2 dependent. DSOs must sign where indicated at the bottom of page 1 of the Form I-20 to attest that the form is completed and issued in accordance with regulations.

ENDORSEMENT OF PAGE 2 FOR REENTRY. If there have been no substantive changes in information, DSOs may endorse page 2 of the Form I-20 for the student and/or the F-2 dependents to reenter the United States. If there have been substantive changes, the DSO should issue and sign a new Form I-20 that includes those changes.

RECORDKEEPING. DHS may request information concerning the student's immigration status for various reasons. DSOs should retain all evidence of academic ability and financial resources on which admission was based, until SEVIS shows the student's record completed or terminated.

AUTHORITY FOR COLLECTING INFORMATION. Authority for collecting the information on this and related student forms is contained in 8 U.S.C. 1101 and 1184. The Department of State and DHS use this information to determine eligibility for the benefits requested. The law provides severe penalties for knowingly and willfully falsifying or concealing a material fact, or using any false document in the submission of this form.

REPORTING BURDEN. U.S. Immigration and Customs Enforcement collects this information as part of its agency mission under the Department of Homeland Security. The estimated average time to review the instructions, search existing data sources, gather and maintain the needed data, and complete and review the collection of information is 30 minutes (.50 hours) per response. An agency may not conduct or sponsor, and a person is not required to respond to an information collection unless a form displays a currently valid OMB Control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: Office of the Chief Information Officer/Forms Management Branch, U.S. Immigration and Customs Enforcement, 801 I Street NW Stop 5800, Washington, DC 20536-5800. Do not send the form to this address.

Vijayawada, INDIA
Gannon University Student ID# 3190871

March 28, 2023

Dear Sai Tarun,

On behalf of the Gannon community, please accept my congratulations on your acceptance into the MS in Computer and Information Science - major in Information Tech program for the Fall 2023 semester at Gannon University. The semester begins on August 23, 2023. Our commitment to you includes an award of \$1,500 toward your tuition fees, per semester when registered for full time enrollment. Awards cannot be applied to English language training. If awarded an athletic award, a student may select either an academic or athletic award.

As part of your acceptance, you are required to take the following foundation course(s): GCIS506, GCIS508, GCIS580, GCIS581, within the first year, earning a B or better. You are required to present the following official documents, prior to your arrival or upon arrival, failure to do so may result in your inability to register for classes - Official college or university transcript(s) - Official university certificate of completion

Should you decide to attend another university after the visa is approved, you must reapply for the visa through the new school before departing to the USA, in accordance with federal regulation 8 CFR 214.2(f)(1)(i), C. For additional information, please refer to page 3 of your Form I-20. Please contact our Admissions Office at global@gannon.edu if you have any questions or concerns.

Questions relating to your program, requirements, and the scheduling of classes can be directed to:
Dr. Joshua Chibuike Nwokeji
814-871-7185
nwokeji001@gannon.edu

Your SEVIS Form I-20 or DS-2019 is enclosed. Please take this form and financial documents with you to your appointment at the U.S. Consulate. This form is needed to secure your F-1 or J-1 visa. Do not misplace this document. You will also need to show this form along with your F-1 or J-1 visa and financial documents to the United States Citizenship and Immigration Services (USCIS) at the port of entry when entering the United States.

We look forward to your inclusion in the Gannon community!
Sincerely,

Dr. George T. Sipos
Executive Director of Global Enrollment & Engagement
Gannon University

P.S. The accompanying Addendum includes important information regarding your transition to Gannon. Please be sure to read it thoroughly; do not hesitate to ask any questions as needed.

REMARKS

George Mason University offers courses which allow students to maintain their F-1 status in the United States, both in mode of instruction and in full-time enrollment. Cost are estimates only and are subject to change. Student must check-in at the OIPS and attend orientation at the beginning of the first semester.

SCHOOL ATTESTATION

I certify under penalty of perjury that all information provided above was entered before I signed this form and is true and correct. I executed this form in the United States after review and evaluation in the United States by me or other officials of the school of the student's application, transcripts, or other records of courses taken and proof of financial responsibility, which were received at the school prior to the execution of this form. The school has determined that the above named student's qualifications meet all standards for admission to the school and the student will be required to pursue a full program of study as defined by 8 CFR 214.2(f)(6). I am a designated school official of the above named school and am authorized to issue this form.

INSTRUCTIONS TO STUDENTS

STUDENT ATTESTATION. You should read everything on this page carefully. Be sure that you understand the terms and conditions concerning your admission and stay in the United States as a nonimmigrant student before signing the student attestation on page 1 of the Form I-20 A-B. The law provides severe penalties for knowingly and willfully falsifying or concealing a material fact, or using any false document in the submission of this form.

FORM I-20. The Form I-20 (this form) is the primary document to show that you have been admitted to school in the United States and that you are authorized to apply for admission to the United States in F-1 class of admission. You must have your Form I-20 with you at all times. If you lose your Form I-20, you must request a new one from your designated school official (DSO) at the school named on your Form I-20.

VISA APPLICATION. You must give this Form I-20 to the U.S. consular officer at the time you apply for a visa (unless you are exempt from visa requirements). If you have a Form I-20 from more than one school, be sure to present the Form I-20 for the school you plan to attend. Your visa will include the name of that school, and you must attend that school upon entering the United States. You must also provide evidence of support for tuition and fees and living expenses while you are in the United States.

ADMISSION. When you enter the United States, you must present the following documents to the officer at the port of entry: 1) a Form I-20; 2) a valid F-1 visa (unless you are exempt from visa requirements); 3) a valid passport; and 4) evidence of support for tuition and fees and living expenses while you are in the United States. The agent should return all documents to you before you leave the inspection area.

REPORT TO SCHOOL NAMED ON YOUR FORM I-20 AND VISA. Upon your first entry to the United States, you must report to the DSO at the school named on your Form I-20 and your F-1 visa (unless you are exempt from visa requirements). If you decide to attend another school before you enter the United States, you must present a Form I-20 from the new school to a U.S. consular officer for a new F-1 visa that names the new school. Failure to enroll in the school, by the program start date on your Form I-20 may result in the loss of your student status and subject you to deportation.

EMPLOYMENT. Unlawful employment in the United States is a reason for terminating your F-1 status and deporting you from the United States. You may be employed on campus at your school. You may be employed off-campus in curricular practical training (CPT) if you have written permission from your DSO. You may apply to U.S. Citizenship and Immigration Services (USCIS) for off-campus employment authorization in three circumstances: 1) employment with an international organization; 2) severe and unexpected economic hardship; and 3) optional practical training (OPT) related to your degree. You must have written authorization from USCIS before you begin work. Contact your DSO for details. Your spouse or child (F-2 classification) may not work in the United States.

PERIOD OF STAY. You may remain in the United States while taking a full course of study or during authorized employment after your program. F-1 status ends and you are required to leave the United States on the earliest of the following dates: 1) the program end date on your Form I-20 plus 60 days; 2) the end date of your OPT plus 60 days; or 3) the termination of your program for any other reason. Contact your DSO for details.

EXTENSION OF PROGRAM. If you cannot complete the education program by the program end date on page 1 of your Form I-20, you should contact your DSO at least 15 days before the program end date to request an extension.

SCHOOL TRANSFER. To transfer schools, first notify the DSO at the school you are attending of your plan to transfer, then obtain a Form I-20 from the DSO at the school you plan to attend. Return the Form I-20 for the new school to the DSO at that school within 15 days after beginning attendance at the new school. The DSO will then report the transfer to the Department of Homeland Security (DHS). You must enroll in the new school at the next session start date. The DSO at the new school must update your registration in SEVIS.

I-20, Certificate of Eligibility for Nonimmigrant Student Status
OMB NO. 1653-0038

NOTICE OF ADDRESS. When you arrive in the United States, you must report your U.S. address to your DSO. If you move, you must notify your DSO of your new address within 10 days of the change of address. The DSO will update SEVIS with your new address.

REENTRY. F-1 students may leave the United States and return within a period of five months. To return, you must have: 1) a valid passport; 2) a valid F-1 student visa (unless you are exempt from visa requirements); and 3) your Form I-20, page 2, properly endorsed for reentry by your DSO. If you have been out of the United States for more than five months, contact your DSO.

AUTHORIZATION TO RELEASE INFORMATION BY SCHOOL. DHS requires your school to provide DHS with your name, country of birth, current address, immigration status, and certain other information on a regular basis or upon request. Your signature on the Form I-20 authorizes the named school to release such information from your records.

PENALTY. To maintain your nonimmigrant student status, you must: 1) remain a full-time student at your authorized school; 2) engage only in authorized employment; and 3) keep your passport valid. Failure to comply with these regulations will result in the loss of your student status and subject you to deportation.

INSTRUCTIONS TO SCHOOLS

Failure to comply with 8 CFR 214.3(k) and 8 CFR 214.4 when issuing Forms I-20 will subject you and your school to criminal prosecution. If you issue this form improperly, provide false information, or fail to submit required reports, DHS may withdraw its certification of your school for attendance by nonimmigrant students.

ISSUANCE OF FORM I-20. DSOs may issue a Form I-20 for any nonimmigrant your school has accepted for a full course of study if that person: 1) plans to apply to enter the United States in F-1 status; 2) is in the United States as an F-1 nonimmigrant and plans to transfer to your school; or 3) is in the United States and will apply to change nonimmigrant status to F-1. DSOs may also issue the Form I-20 to the spouse or child (under the age of 21) of an F-1 student to use to enter or remain in the United States as an F-2 dependent. DSOs must sign where indicated at the bottom of page 1 of the Form I-20 to attest that the form is completed and issued in accordance with regulations.

ENDORSEMENT OF PAGE 2 FOR REENTRY. If there have been no substantive changes in information, DSOs may endorse page 2 of the Form I-20 for the student and/or the F-2 dependents to reenter the United States. If there have been substantive changes, the DSO should issue and sign a new Form I-20 that includes those changes.

RECORDKEEPING. DHS may request information concerning the student's immigration status for various reasons. DSOs should retain all evidence of academic ability and financial resources on which admission was based, until SEVIS shows the student's record completed or terminated.

AUTHORITY FOR COLLECTING INFORMATION. Authority for collecting the information on this and related student forms is contained in 8 U.S.C. 1101 and 1184. The Department of State and DHS use this information to determine eligibility for the benefits requested. The law provides severe penalties for knowingly and willfully falsifying or concealing a material fact, or using any false document in the submission of this form.

REPORTING BURDEN. U.S. Immigration and Customs Enforcement collects this information as part of its agency mission under the Department of Homeland Security. The estimated average time to review the instructions, search existing data sources, gather and maintain the needed data, and complete and review the collection of information is 30 minutes (.50 hours) per response. An agency may not conduct or sponsor, and a person is not required to respond to an information collection unless a form displays a currently valid OMB Control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: Office of the Chief Information Officer/Forms Management Branch, U.S. Immigration and Customs Enforcement, 801 I Street NW Stop 5800, Washington, DC 20536-5800. Do not send the form to this address.

Dear Alekhya Bhavani Gowri,

Student ID: 1185840

Congratulations on your admission to the University of Bridgeport's Computer Science (M.S.) program for the Summer 2023 semester! We applaud your commitment to your professional development and wish you success in reaching your educational and career goals.

To begin the I-20 process, please visit your application portal at bridgeport.edu/nextsteps and make sure you have uploaded the following documents needed to process your I-20:

1. Official Bank Statement, dated within the last 6 months
2. Passport Biographical Page
3. Affidavit of Financial Support - This can be completed online at bridgeport.edu/affidavit

All new students must report to campus on **May 2, 2023**. Classes for the Summer Session begin **May 8, 2023**. Please plan your travel accordingly to ensure your attendance.

Please note the following information:

- You must submit the following documents on or before your arrival date to campus:
 - * Official test scores required to secure your admission
 - * All final official transcripts/mark sheets and degree certificates from previous institutions attended
- Health Insurance enrollment through the University is automatic and mandatory.
- Tuition and fees are subject to change.

On behalf of the entire University of Bridgeport community, congratulations on this exciting accomplishment. We hope you choose to join us for the Summer 2023 semester. It is clear from your application you are excited for this challenge, strive for excellence and want to make a difference in the world.

Sincerely,

Allison Garris, Ed.D.
Dean of Admissions

Dear Mr. R:

Meeravali Shaik has requested that you write a letter of recommendation to Florida Institute of Technology for the **MS Civil Engineering** program.

In an effort to make this process as easy as possible for you, we offer the ability to complete your recommendation online through our secure website. To submit your recommendation, please use the link below. This link is unique to this recommendation and should not be shared or forwarded.

Please click here: <https://admissions.fit.edu/refer/?2737066366169912> to complete the recommendation.

Thank you for your time and consideration. Submitted recommendations are only viewable by application review committees.

Mr. R.Ranjith Kumar

Associate Professor,

Department of Mechanical Engineering,

Mail : vinodaranjith@gmail.com.

Letter of recommendation

Mr. Meeravali Shaik has been my student for the past three years. I have handled **MECHANICS OF SOLIDS & THEORY OF MACHINERY**. He is an intelligent and diligent student excelling in both academic work and co-curricular activities.

Mr. Meeravali Shaik is an extremely self-motivated student with sharp intellect. His enthusiasm in problem-solving and the ability to analyze ideas are peerless. Besides his regular course work, he has participated in various symposiums and technical seminars.

Mr. Meeravali Shaik is studious and very strong in his fundamentals. He has excellent command over English and apart-from being studious in his academic work, he is an enthusiastic participant in technical quizzes. He has an ability to rapidly grasp and perceive new concepts.

Mr. Meeravali Shaik research orientation and strong inclination towards his field of interest will help him make significant contributions to his field. A good wholesome personality coupled with leadership qualities will make him an asset to any team he may work with. His aplomb and alacrity wonderfully blended with suitableness will be a great source of motivation for the members of the team he is in.

In view of the above qualities, I strongly recommend **Mr. Meeravali Shaik** for admission in your university for the graduate program with full financial assistance.

Sincerely,

(Mr. R. Ranjith Kumar)

LETTER OF RECOMMENDATION

This letter is in support of **Mr. Krishna Chaitanya Nelluri** who is aspiring to pursue his masters in Civil Engineering at your venerated university. Being his Head of the Department, I know him very well for more than three years as an undergraduate student where I taught him "**Concrete Technology, Surveying and Construction Technology & Management**" and instructed him in the laboratories of **Computer Aided Engineering and GIS & CAD**. As his teacher I am convinced that he would be a true asset to your university.

In my interaction with him, I observed him to have strong fundamentals and analytical skills. He had conducted himself with good progression throughout his academic period and has always been punctual with his assignments. His pragmatic nature contributes by bringing a new perspective into discussions in class.

He is a good performer in non-academics as well taking an interest in arranging different projects/ occasions on our grounds. He worked as the organizer for our institution's technical fest where I have seen his adeptness to organizational and managerial skills.

All the above qualities coupled with his pleasing demeanor, adaptability and initiation have convinced me to rank him one of the best among all the students associated with me. I am convinced that he will scale the highest peaks in his field of interest. With the skill set that he possesses, I am sure that he will prove himself as an excellent student in academics and research as well. Thus, I am certain that he will bring laurels to your institution. Hence, I recommend his candidature for admission into the master's program.

LETTER OF RECOMMENDATION

I am writing this letter in support of **Mr. M Srikar** a Civil Engineering student at our college. During the 3-2, and 4-1 semesters, he learned aspects of the **Environment Engineering-I**, and **Environment Engineering-II**, under my supervision and assistance. I have known him for a few years and find him to be a dedicated and hardworking student.

He is an exceptional student who achieves high grades as a consequence of his hard effort. He approached me on several occasions, attempting to understand every small detail of various design concepts. His motivation stood out among his peers because of his inquisitive intellect and pragmatic thinking.

Observing him up close, he is an intelligent and hard working student with a genuine desire to study. This inclination stems from his curious bent of mind and a nature for questioning. When addressed by fellow students, he has the capacity to communicate himself clearly which considerably boosts his expressiveness in resolving doubts. His intense enthusiasm perseverance and intellectual curiosity motivate him to become completely interested in and excel at his work.

Apart from academics, **Mr. M Srikar** participated passionately in the department's many co-curricular activities and also played an active role in national service scheme. Every year I see a few students who are extremely enthusiastic about their work and he is undoubtedly one of them..

In my unbiased opinion, he has a rich blend of discipline diligence required for a person who desires a career in graduate program. I recommend him to the masters program at your esteemed university with possible assistantship.

LETTER OF RECOMMENDATION

I deem it a pleasure to introduce Ms. Sravya K who has been my under graduate student in the department of Civil Engineering. I have taught her Environmental Engineering – I & II. I had observed her at very close quarters and these observations brought me a clear picture about her.

I found her sincere and bright student with a strong desire to pursue perspective carrier in the field of Civil Engineering, her ability to interact with people has always impressed me, and she had attended to classes regularly. Although my subjects require understanding skills, she was able to cope up with the subject with her ability to work hard and problem solving skills. She was good at analyzing difficult situations and derives logical solution. Her academics were quite impressive. Apart from her academics she was very good at communication and organizational skills. I found her very active at organizing and participating in various activities in and out of the department. In my interaction with her I was impressed at her sense of commitment and hard work.

Her command over English is fairly comfortable and quite impressive, which I observed when she was handling different seminars conducted at our college. She was a student who is always enthusiastic and eager to know new information from me.

She quest for knowledge and perseverance for excellence ideally qualify her for any Masters course. I recommend and I am confident that she will continue to be a promising, competitive, sincere and an ideal student for her Masters at your university.

LETTER OF RECOMMENDATION

In my capacity as head of department of civil engineering, **DVR & Dr. HS MIC College of Technology, kanchikacherla**. I have known **PAPOLU TARUNTEJA** for the past three years. I taught him **Wastewater Management, Environmental Engineering-II and Estimation, Specifications & Contracts** in the sixth, seventh and eighth semester respectively.

During my association with **TARUNTEJA PAPOLU**, I found him to be promising and dedicated student with an analytical bent of mind. As Professor, I work with many students who have substantial knowledge of their students. Each year I notice that only a few outstanding students offer a unique perspective and make an earnest effort to embrace and carry forward what they have learnt in college. He is undoubtedly among them. He has been among the brightest student in class and has exhibited considerable interest in "Environmental Engineering" and "Estimation, specifications and contracts". He frequently discussed with me the interesting details related to the same. During these interactions with him I was happy to see that he had a good grasp in these subjects. I am sure he would make a successful life through his consistent hard work and determination.

In addition to his impressive academic performance, a special reference has to be made about his excellent communication skills as well. He can remain calm and composed even during extremely high-pressure situations. Even when most of the other students would get nervous when the exams would approach he was rarely seen getting into panic mode. He is a confident young man and very focused about his goals in life. He is also an excellent team player, a quality that came during the projects that were required to be completed as a group activity. He has a pleasing personality and shared an excellent rapport within his peer group, seniors and teachers. I am quite sure that he will achieve success in any academic pursuit he undertakes.

Therefore, I feel extremely happy to recommend for the well-recognized masters- program at your university. I wish him good luck for all his future endeavours.

LETTER OF RECOMMENDATION

As the Head of the Department of Electrical & Electronics Engineering, it gives me great pleasure to write this recommendation letter for Mr. DHANIREDDY PURNA CHANDRA REDDY. I have taught him the subject **Electrical Measurements**. I have known him well for the past four years as my student. I had the opportunity to observe and appreciate his academic caliber, as well as the versatility of his personality.

Mr. DHANIREDDY PURNA CHANDRA REDDY has shown interest in subject's right from the beginning. He has distinguished himself as one of the best students in the class. He is an energetic and diligent class participant and brings together an Engineer's analytical approach, which he applies efficiently to problem-solving. He is always committed, industrious and sincere towards work.

He has involved himself in numerous organizations both on campus and outside. As a believer in social justice, he has been actively engaged in community activities. His diligence and his deep insight into the technical base inspired me. His evenness of performance and self-confidence confirms his ability to be a highly productive person.

I strongly believe his sound knowledge of fundamentals, a truly remarkable ability to apply theory to practical situations, and a high motivation to keep abreast with the latest information in his field of study which will help him in the field he is pursuing. His behavior with the teacher and reverential attitude towards elders is admirable.

In a nutshell, Mr. DHANIREDDY PURNA CHANDRA REDDY is a multifaceted person with a zeal for academics, cultural and extra-curricular activities. With all these achievements under his belt and considering his strong foundation, I feel that he will excel in research in his future endeavors. So, I strongly recommend him for admission to the graduate program with financial assistance.

LETTER OF RECOMMENDATION

It is indeed a great pleasure in vouching **Mr. ANAND SRIRAM CHAITANYA DASAM**, a cheerful and prompt student of mine for three years during his graduation which I had an opportunity to judge his capabilities and integrity personally as well as academically.

Apart from studies and projects, Mr. ANAND took an active part in many extra-curricular activities. He is indeed a very creative learner and his leadership skills have been brought to the fore on several occasions. He has an ability to organize and express his ideas clearly in English both orally and in writing. His dynamic organizational involvement in various activities of both international and national co-curricular activities organized by DVR & Dr. HS MIC College of Technology, Kanchikacherla, stands a worthy testimony for his leadership skills.

Bearing his impressive calibre in mind I strongly place him among the top 5% of the students associated with me in recent years. He is sincere and detailed in his approach with positive attitude and willingness to delve deep into the subjects, he will reach great heights in his career and I believe he will be an extremely valuable addition to your university and the department. His dedication towards higher studies, the quest for knowledge and his intellectual abilities leads me to strongly recommend **Mr. ANAND SRIRAM CHAITANYA DASAM** to the graduate program in your esteemed university with possible financial aid.

Thank you

LETTER OF RECOMMENDATION

In my capacity as an Associate Professor, I am writing this letter of recommendation to Mr.N.LakshmiSrinivas for his Masters Studies at your coveted University. The main quality that bound me is his ability to apply theoretical knowledge practically. I witnessed this fact when I got a chance to interact with him during the POWER SYSTEMS in his third year. During this course, I also noticed that his observatory and nexus skills in lecture and lab sessions were top notch.

He is very much liked and respected by his peers and professors as well. His soft skills are of high quality which helps him present his point of view with an ease. He has an open mind and is willing to put in extra efforts to update himself on the latest technologies in his field. During his course time, apart from developing his academics, he has strived for his overall personal development and has prepared himself for any obstacles that he might encounter in the future.

I have the most profound individual and expert regard for him and earnestly trust that Mr. N.LakshmiSrinivas will bring her intriguing imperativeness, good faith, energy and eager imagination to your group and University all in all. Thus, he has my endorsement and I strongly recommend her for admission into her desired course at your University and also wish her the best for the future.

Academically yours,

(Dr.P.Pradeep)

LETTER OF RECOMMENDATION

Mr. BATTIPROLU KARTHIK is known to me for the past three years. He has a good character and his conduct has been exemplary. He has excellent communication skills. I taught him Power Systems & Control during which I, observed him personally and his level of understanding was good. His performance at DVR & Dr. HS MIC College of Technology is good.

Mr. BATTIPROLU KARTHIK is a good student with a high degree of motivations. He has great potential and he is balanced in his decision making. He has participated in co-curricular and technical events held during his under graduation. He maintains good balance between academics and extra-curricular activities. He can complete tasks successfully, either in his own individual capacity or as a teammember.

Being the HOD, guide and mentor of Mr. BATTIPROLU KARTHIK, I had simultaneously handled and Mini Project and Major Project Labs. Under my guidance, He had developed a project on "Vehicle to Grid Technology in a Micro Grid using Fast Charging Architecture" for the use of ultra-capacitors in wireless charging systems can supports the fast charging and discharging need of electrical vehicles which was rated as one of our best projects from the department. He has clearly demonstrated his practical application skills along with theoretical knowledge.

He is also very committed towards any cause that he takes up, and never shirks from accepting responsibility, having done numerous assignments, leaving absolutely no scope for complaint. Therefore he extended his project work from practical application to journal publication.

It is with this same confidence that I recommend him to your prestigious university. I fervently hope that with him confidence, determination and adroitness, he will continue to be a paragon of excellence and bring laurels to your institution. I wish him a prosperous career ahead.

Mr. R.Ranjith Kumar

Associate Professor,

Department of Mechanical Engineering,

Mail : vinodaranjith@gmail.com.

Letter of recommendation

Mr.SANDEEP GUMMADI has been my student for the past three years. I have handled **MECHANICS OF SOLIDS & THEORY OF MACHINERY**. He is an intelligent and diligent student excelling in both academic work and co-curricular activities.

Mr.SANDEEP GUMMADI is an extremely self-motivated student with sharp intellect. His enthusiasm in problem-solving and the ability to analyze ideas are peerless. Besides his regular course work, he has participated in various symposiums and technical seminars.

Mr.SANDEEP GUMMADI is studious and very strong in his fundamentals. He has excellent command over English and apart-from being studious in his academic work, he is an enthusiastic participant in technical quizzes. He has an ability to rapidly grasp and perceive new concepts.

Mr.SANDEEP GUMMADI research orientation and strong inclination towards his field of interest will help him make significant contributions to his field. A good wholesome personality coupled with leadership qualities will make him an asset to any team he may work with. His aplomb and alacrity wonderfully blended with suitableness will be a great source of motivation for the members of the team he is in.

In view of the above qualities, I strongly recommend **Mr.SANDEEP GUMMADI** for admission in your university for the graduate program with full financial assistance.

Sincerely,

(Mr. R. Ranjith Kumar)

Letter of recommendation

It gladdens me to write this letter of recommendation for **Mr.Asmatullah Shaik**, whom I have known for the last three years, both as part of the classes that I have taught and witnessing his zeal and enthusiasm with which he has remained a committed all round student.

Mr.Asmatullah Shaik has been under my tutelage for **Machine Design** and **Finite Element Method**. He is an intensely focused student who is well read and prepared for class discussions. He has an analytical bend of mind that he uses well in comprehending complex homework on his own. He has the ability to analyse subject's application and experiments towards implementing his learning to find solutions, ability I find to mark his potential for further research and graduate studies. Ability to concentrate is his biggest advantage, which he puts to use when made to work on his own in the lab, yet his excellent communication skills enables him to work well in teams alike.

In addition he has a natural talent to engage and get along with people in the most charming manner. He has a caring and responsive temperament and is also extremely patient and understanding. These attributes I believe he has been instrumental in him holding leadership position, be part of organizing committees of student events, clubs and volunteer work with aplomb.

I've taught exceptional students in the so many years of my teaching career, many who have gone on to study at prestigious universities globally. While **Mr.Asmatullah Shaik's** percentage and relative department rank exhibits his real calibre, he surely is one who has a quest for learning and has a self-motivation to achieve. Without hesitation, **Mr.Asmatullah Shaik** will prove to be a successful and recommend him highly to the graduate school at your university.

Wishing him a bright future ahead.

Sincerely,

(Mr. R. Ranjith Kumar)

Mr. R.Ranjith Kumar

Associate Professor,

Department of Mechanical Engineering,

Mail : vinodaranjith@gmail.com.

Letter of recommendation

It gladdens me to write this letter of recommendation for **Mr.Aravind Ram Kumar Medisetti**, whom I have known for the last three years, both as part of the classes that I have taught and witnessing his zeal and enthusiasm with which he has remained a committed all round student.

Mr.Aravind Ram Kumar Medisetti has been under my tutelage for **Machine Design** and **Finite Element Method**. He is an intensely focused student who is well read and prepared for class discussions. He has an analytical bend of mind that he uses well in comprehending complex homework on his own. He has the ability to analyse subject's application and experiments towards implementing his learning to find solutions, ability I find to mark his potential for further research and graduate studies. Ability to concentrate is his biggest advantage, which he puts to use when made to work on his own in the lab, yet his excellent communication skills enables him to work well in teams alike.

In addition he has a natural talent to engage and get along with people in the most charming manner. He has a caring and responsive temperament and is also extremely patient and understanding. These attributes I believe he has been instrumental in him holding leadership position, be part of organizing committees of student events, clubs and volunteer work with aplomb.

I've taught exceptional students in the so many years of my teaching career, many who have gone on to study at prestigious universities globally. While **Mr.Aravind Ram Kumar Medisetti**'s percentage and relative department rank exhibits his real calibre, he surely is one who has a quest for learning and has a self-motivation to achieve. Without hesitation, **Mr.Aravind Ram Kumar Medisetti** will prove to be a successful and recommend him highly to the graduate school at your university.

Wishing him a bright future ahead.

Sincerely,

(Mr. R. Ranjith Kumar)

Letter of recommendation

Mr.NAGA VENKATA SAI KUMAR has been my student for the past three years. I have handled **MECHANICS OF SOLIDS & THEORY OF MACHINERY**. He is an intelligent and diligent student excelling in both academic work and co-curricular activities.

Mr.NAGA VENKATA SAI KUMAR is an extremely self-motivated student with sharp intellect. His enthusiasm in problem-solving and the ability to analyze ideas are peerless. Besides his regular course work, he has participated in various symposiums and technical seminars.

Mr.NAGA VENKATA SAI KUMAR is studious and very strong in his fundamentals. He has excellent command over English and apart-from being studious in his academic work, he is an enthusiastic participant in technical quizzes. He has an ability to rapidly grasp and perceive new concepts.

Mr.NAGA VENKATA SAI KUMAR research orientation and strong inclination towards his field of interest will help him make significant contributions to his field. A good wholesome personality coupled with leadership qualities will make him an asset to any team he may work with. His aplomb and alacrity wonderfully blended with suitableness will be a great source of motivation for the members of the team he is in.

In view of the above qualities, I strongly recommend **Mr.NAGA VENKATA SAI KUMAR** for admission in your university for the graduate program with full financial assistance.

Sincerely,

(Mr. R. Ranjith Kumar)

Letter of Recommendation

I take great pleasure in recommending Mr. Bhupathi Naidu Chinthagumpala for admission into your esteemed institution. I have known Mr. Bhupathi Naidu Chinthagumpala from the past three years and have been his instructor for “CAD/CAM ” and found him to be a sincere, self-reliant and diligent young man with a pleasing demeanour.

Mr. Bhupathi Naidu Chinthagumpala has good subjective knowledge, which is quite evident from his performance index. He has consistently being among the top 10 of his class. During his interactions with me, he showed great insight in subject matters. He had good communication skills and expressed his ideas lucidly and impressively.

Mr. Bhupathi Naidu Chinthagumpala has a great thirst for knowledge. He had a great ability to quickly assimilate and relate it to the previously acquired knowledge. He demonstrates leadership qualities and was an active member of our student counsel. He is quite capable of undertaking research projects and I am sure that he can perform at his best as a member of a team.

Judging from the above aspects, I can confidently state that Mr. Bhupathi Naidu Chinthagumpala possesses the required zeal to prepare and has sufficient motivation and commitment. Hence, I strongly recommend his admission to your esteemed university with requisite financial aid.

Sincerely

LETTER OF RECOMMENDATION

It gives me great pleasure in recommending Mr. PARASA JAGADEESH BABU to your esteemed University. He has been associated with me for four years during which I had ample time in assessing him both academically and personally.

His performance in curricular and co-curricular activities has been commendable, I taught him the subjects ENGLISH-II & SOFT SKILLS in his curriculum. I found him to be a keen listener, hardworking and an active person in class discussions. He has shown a natural aptitude for the course. He has an in-depth knowledge of the concepts and he has displayed a rare ability in handling both theoretical and practical aspects. His ability to grasp and deliver concepts, which comes naturally to him, had enabled him to succeed in his attempts. His dedication to work and punctuality in sending assignments before time serve to underline his ambitious nature. I have found him to be a sagacious student and academically he has been among a few outstanding students who enjoy a consistent and good academic record.

He possesses an excellent proficiency in English with lucid expression of thoughts and ideas. This should make him a good prospect for teaching or research responsibilities. He has peerless inquisitiveness and enthusiasm to keep abreast with the latest development in the subject. He is a highly motivated person and can achieve anything by dint of determination. He is extremely hardworking and has accomplished a splendidly consistent academic record.

Bearing his impressive background and caliber in mind, I unequally vouch for the fact that he will be an ideal candidate for this Master's program in your esteemed University. It would certainly be a prudent decision to enlist him as a student in your department.

Academically yours,

(Dr. G. Ashok Vardhan)

LETTER OF RECOMMENDATION

It is my pleasure to recommend Mr. Sunkara Sai Srikanth who is interested in pursuing his Masters at your esteemed university. As a faculty, I have known him personally as he studied in mechanical branch under my guidance.

I taught him "VECTOR CALCULUS & NUMERICAL METHODS". During the course of my teaching, I have observed him to be an extremely hard working, smart working, innovative and sincere student. He has maintained a good academic record in my course. He has an ability to draw on his experiences and develop thoughtful opinions on a variety of subjects.

Sai Srikanth is a highly self-motivated student. He has immense patience to learn and implement his technical knowledge in practice. As an independent thinker, he seeks to learn more and has shown great promise by venturing beyond the scope of the subject syllabi. He keeps himself abreast with the latest developments and goes through various technical knowledge which was evident in technical discussions and interviews that I have had with him.

A student who believes in performing to the best of his ability, He Sai Srikanth will work very hard towards the fulfillment of any responsibility that he undertakes. His zest to constantly be on the learning path and his time-management abilities will surely take him a long way. I strongly recommend him for admission to your college for graduate studies.

Sincerely

(Dr.A.Anupama)

LETTER OF RECOMMENDATION

I am immensely pleased to recommend **Mr. SURAJ KUMAR PANCHAKARLA** who is applying for the Master's program at your university. I have taught him "WIRELESS SENSOR NETWORK". As his teacher, I have found his sincere, responsible, and dedicated to his course of work.

Suraj Kumar is one of the best students I have taught in recent years. He has shown excellent academic performance. After knowing him for past year, he has always managed to showcase his talents. He seized my attention during his presentation on "INTERNET OF THINGS" which he had already completed in his internship.

I interacted with him a lot of times and I found him very unique because he stands out when compared to the rest of the students. I found him very creative and he has an excellent grasping power. Unique students are rare to find and when we professors find one like him, we are happy to be the one to guide him through a particular subject and help him master it, as it will be helpful for him in future projects.

His work is very disciplined and systematic in addition to his impressive interactive approach and clear expression of thought. With his pleasing manners, proficiency in communicating his ideas effectively, he has established an excellent rapport with his fellow students and the faculty. He has brilliant team leader skills and is competent in extracting the best out of his team members.

Having known him as a student, I am strongly convinced that **SURAJ KUMAR PANCHAKARLA** will make a significant contribution to your program. I take pleasure in recommending him for admission towards the Master's program in his Field of interest at your prestigious university with possible financial assistance.

LETTER OF RECOMMENDATION

I am extremely glad that Ms. Harika Malneedi has decided to pursue her Masters. I had taught her course on "Verilog Large Scale Integration". In the learning process, I find her to be dedicated. She is a student who works with conviction.

In my view, I have found Ms. Harika Malneedi to be an outstanding student who is highly responsible and intelligent. She is a disciplined student who bears a pleasant disposition. Her excellent communication skills add to the impressiveness with which she delivers lectures and presents seminars. She maintains perfectness in all aspects and completes the work within the stipulated time.

She is very pleasant and shows good manners while interacting with faculty members and peers. With her excellent communication skills, she gets along with people well and she is a good team player. Her knowledge, ability and punctuality were undoubtedly the best talks presented by any student. She actively served as a volunteer at NATIONAL WOMEN'S PARLIAMENT on 10th, 11th and 12th Feb, 2017. On a personal note, she comes across as a very helpful and polite student.

Her intense desire to study further, to strengthen her academic proficiency and her attitude to always give her best distinguishes her from other students in her class. Harika Malneedi makes an excellently suitable candidate for taking up graduate studentship. I wholeheartedly recommend her for graduate studies at your esteemed institution.

LETTER OF RECOMMENDATION

It gives me immense pleasure in bearing testimony to the excellent character and conduct of Ms.SHAIK SHABUL who is interested in pursuing her academic career in your esteemed university. I only recommended students whom I feel are well suited for the program of their choice. She has been under my tutelage for the past four years. Over these years I have taught her "WIRELESS SENSOR NETWORK" course.

Through my observation, I would like to say that she is attentive, articulate and studious. Her ability to visualize and link together the fundamentals of each subject makes her an ideal student. Considering her tenacious, technical ambitions and her ability, I have great confidence that she would occupy the apex position in the field of her interest.

Her intellectual prowess and capacity for experimentation are excellent. Her extensive knowledge and natural ability to understand things often astound me when I connect with her. She is deserving of praise for her academic capacity and sheer effort. By interacting directly with the instructors and actively being involved in a variety of extracurricular activities, she demonstrated a strong desire to broaden her knowledge. In her last semester, she successfully carried out a project, demonstrating his leadership and organisational skills.

In my view above, a person of his calibre can excel in this stimulating and challenging environment of graduate research. I am certain with her dedication and motivation, She will turn into an outstanding graduate student. Hence I strongly recommended him for the Master program in your esteemed university. I wish her all the best and in case of any further queries feel free to contact me at my mail id mentioned above.

University of New Haven

OFFICE OF GRADUATE ADMISSIONS

Dear Dr. K,

Lakshmi Sai Ramya Neppalli is applying to the University of New Haven and has requested that you write a letter of recommendation on his/her behalf. To streamline this process, we offer you the ability to complete your recommendation online through our secure website. This also expedites the processing time for Lakshmi Sai Ramya's application, as your letter will be added to Lakshmi Sai Ramya's electronic file automatically.

To access the University of New Haven's recommendation form, please click on the link below:

<https://graduate.newhaven.edu/refer/?9079620384360898>

Thank you for your time and consideration.

Sincerely,

PRINCIPAL

LETTER OF RECOMMENDATION

I am immensely pleased to recommend Ms. LAKSHMI SAI RAMYA NEPPALLI who is applying for the Master's program at your university. I have taught her "WIRELESS SENSOR NETWORK". As her teacher, I have found her sincere, responsible, and dedicated to her course of work.

Lakshmi Sai Ramya is one of the best students I have taught in recent years. She has shown excellent academic performance. After knowing her for past two years, she has always managed to showcase her talents. She seized my attention during her presentation on "INTERNET OF THINGS" which she had already completed in her internship.

I interacted with her a lot of times and I found her very unique because she stands out when compared to the rest of the students. I found her very creative and she has an excellent grasping power. Unique students are rare to find and when we Professors find one like her, we are happy to be the one to guide her through a particular subject and help her master it, as it will be useful for her in future projects.

Her ability to work with her counterparts and even with her seniors is exemplary. With her pleasing manners, proficiency in communicating her ideas effectively, she has established an excellent rapport with her fellow students and the faculty. She has brilliant team leader skills and also has good teaching capabilities.

Having known her as a student, I am strongly convinced that LAKSHMI SAI RAMYA NEPPALLI will make a significant contribution to your program. I strongly recommend her for admission to the Master's program at your prestigious university with possible financial assistance.

LETTER OF RECOMMENDATION

It gives me immense pleasure in bearing testimony to the excellent character and conduct of Ms. **Dodda Venkata Sushma** who is interested in pursuing her academic career in your esteemed university. I only recommend students whom I feel are well suited for the program of their choice. She has been under my tutelage for the past two years. Over these years I have taught her 'Wireless Sensor Network' course.

Through my observation, I would like to say that she is attentive, articulate and studious. Her ability to visualize and link together the fundamentals of each subject makes her an ideal student. Considering her tenacious, technical ambitions and her ability, I have great confidence that Ms. **Dodda Venkata Sushma** would occupy the apex position in the field of her interest.

She has excellent intellectual and experimental abilities from the beginning. During my interactions with her, she always amazes me with her in depth knowledge and innate ability to grasp. Her intellectual potential and sheer hard work are worthy of mentions. She showed a great deal of interest in widening, her knowledge by closely interacting with the faculty and actively involving and participating in various extracurricular activities. Her leadership and organizing capabilities were proved when she was successful in conducting a project in her last semester.

In my view, a person of her calibre can excel in this stimulating and challenging environment of graduate research. I am certain with her dedication and motivation. Ms. **Dodda Venkata Sushma** will turn into an outstanding graduate student. Hence, I strongly recommend her for the Master program in your esteemed university. I wish her all the best and in case of any further queries feel free to contact me at my mail id mentioned above.

(Dr. K. Michael Angelo)

LETTER OF RECOMMENDATION

I am writing this letter in support of Ms. AmmineniJahnavi who is a student of Electronics and Communication Engineering at our college. In my capacity as an associate professor of the department of Electronics and Communication engineering, I have known her for the past 3 years and have found her to be an aspiring and sincere student.

I have handled the courses of "Micro Processors and Micro Controllers" in which she has done exceptionally well with an excellent score. She possesses good conceptual knowledge in the subjects and methodical work has helped her in developing a broad perspective as well as mastery over fundamentals. She has an ability to voice her ideas clearly, which greatly enhances her clarity in problem solving when approached by fellow students. Her extreme interest, persistent attitude and intellectual curiosity drive her to get deeply involved in her work and excel in it.

Her major assets are her communication skills, clarity of expression and articulation. She has the necessary potential to achieve academic goals quite smoothly. Her consistent academic performance makes me easy to rate her top among her peers and she is characterized by sense of responsibility, promptness, conscientiousness, endurance and self-confidence.

In my unbiased opinion she has a rich blend of creativity and commitment required for a person who desires further studies in communication engineering. All the above qualities coupled with her pleasing demeanour, adaptability and proactive approach have convinced me to grade her among the good students. Considering her keen interest in pursuing higher studies and her preference for research oriented study, I strongly recommend her for admission into your Master's program with all possible assistance.

LETTER OF RECOMMENDATION

It is with great pleasure that I write this Letter Of Recommendation for Mr. Donepudi Naga Sahith. I have tutored him "Electronic Devices Circuits", "DICA" in third and final years. I was able to gauge that he has an analytical mind and is able to grasp the new things very quickly.

Mr. Sahith is always sincere and highly interested in these subjects. His dedication towards the academics was evident from his good grades in these subjects. He showed his great dedication in the course assignment. He always found alternatives and solutions for every challenge the professor had given in the class. During this I found him to be an assiduous innovative and enthusiastic student.

One of the qualities I really appreciate in him is his high level of involvement and enthusiasm for learning advanced topics and new software tools. Whether it is course work or any course assignment he never lacked zeal and patience. His participation in extra-curricular activities is worth mentioning. This positive attitude made him a good team player. He is highly motivated towards his career and has matured intellect. He is quite capable of handling responsibilities in any position.

I therefore, highly recommend him for his higher studies at your esteemed university.

With all the necessary aid that he deserves, I am sure that he will keep up to this potential and bring laurels to your institution. I wish him all the success in his future deeds.

Rajani

University of Cincinnati Graduate Admissions Recommendation

1 message

University of Cincinnati <grad.admissions@uc.edu>
To: dprasad@mictech.ac.in

Fri, Feb 10, 2023 at 11:52 PM

Dear Mr. D,

Thank you for taking the time to write a recommendation on behalf of Akhila Mulakalapalli. Every year we receive thousands of applications for our graduate programs at University of Cincinnati. Letters of recommendation provide us with important insights about a student's leadership and academic skills and abilities, allowing our admission committees to make better-informed decisions.

University of Cincinnati seeks to recruit the best and brightest students for our graduate programs. We offer nearly 400 graduate degree and certification programs that provide students with opportunities to generate knowledge and discovery that benefit society. As a Research 1 university, University of Cincinnati offers traditional graduate degree programs as well as part-time programs for working professionals, delivered both through in-person and online modalities.

If you know of any other outstanding students that may be interested in pursuing a graduate degree or certification at University of Cincinnati, please encourage them to view UC's Majors & Programs Portal >> to learn more about the programs we offer, admission information, and program contact information.

Once again thank you for your recommendation for Akhila Mulakalapalli. We hope that we may hear from you again should you know of any other promising candidates who would benefit from graduate study at University of Cincinnati.

Sincerely,

Graduate Admissions
University of Cincinnati

LETTER OF RECOMMENDATION

I am writing this recommendation letter to you in support of Ms. **MULAKALAPALLI AKHILA** on her desire to be a part of your university and to seek admission for higher studies at your university. I know her for past three years as an undergraduate student and found her to be an aspiring and sincere student. I was able to determine her initiate abilities to understand the basic concept and apply them to tackle the problems associated with it.

I find her to be hard working, diligent and sincere in her efforts and feel that her practical and logical approach of handling the problems presented should be brought to your notice. Relationship with this particular student became strong when I handled subject like "**SOFTWARE ENGINEERING**". She has performed exceptionally well in the academics and in the lab as well scoring excellent grades in theory and laboratory.

Ms. MULAKALAPALLI AKHILA is quite ambitious and career driven. She works hard to achieve her goals and is committed to her work. Her ability to organize her time efficiently and her meticulous preparation will be an asset to her research team. Her self-confidence and optimistic approach to solve even the most difficult problems are worth mentioning, her systematic and focused approach has always ended in her good academic performance. Her ability to visualize and link together the fundamental of each subject marks her as an ideal student for research. She has brilliant leadership skills and competent of extracting the best out of her team.

With a good sense of foresight she has always been a foot forward to all her fellow students in all aspects of circular activities. I feel she is one of the best students and recommend her candidature for admission which gives her an opportunity to prove at your university. It is my earnest hope that you accept her application to your university.

LETTER OF RECOMMENDATION

I am writing this recommendation letter to you in support for Ms. Chakka Likitha Ratna on her desire to be a part of your university and to seek admission for higher studies at your university. I have known her for the past four years during her under graduation degree in of DVR & Dr. HS MIC College of Technology. I have been her course mentor for the subjects "CLOUD COMPUTING" known her well during her course of study in this institute, I have the opportunity to observe and appreciate her academic caliber, as well as the versatility of her personality, and I would rank her among the 10% of the students I have taught in my experience.

Ms. Chakka Likitha Ratna has distinguished herself as one of the best students in department. She was active and diligent class participant and brings together an Engineers analytical approach, a keen grasp of basic facts coupled with Theoretical knowledge, which she applies effectively to problem solving. She is an ardent learner and likes to go beyond the theoretical purview to practical applications of her subjects. She has shown tremendous energy and boundless enthusiasm to participate, plan and organize various intra and inter collegiate events. She effectively clarifies the doubts of the students of her own class, as well as her juniors.

In a nutshell, Ms. Chakka Likitha Ratna is a multifaceted person with a zeal for academic, cultural and extra-curricular activities. I am confident that your esteemed university will be an ideal place for her to improve upon her existing skills through pursuing a Master's Program. I strongly recommend her for admission to the graduate program with financial assistance.

LETTER OF RECOMMENDATION

I take immense pleasure to recommend **Mr. KAMMILI DAMODAR** for his admission in your esteemed school. He has learned the subject "**DATABASE MANAGEMENT SYSTEMS**" under my guidance and supervision. It is during this period that I observed his enthusiasm and zeal to learn these subjects. He is one of the most conscientious and eloquent student. Concerned about his studies he is always indubitable.

Mr. KAMMILI DAMODAR always studious and interested in these subjects. His dedication towards the academics is sublime and is evident from her excellent grades in this subject. He is a diligent and hardworking student. He is very quick at grasping concepts. He has consistently performed well in the class and has a good understanding of the fundamentals along with a strong desire to learn and enrich his knowledge.

I greatly admire him for having the desire to understand even complex subjects that are not included in the curriculum. As one of the top students in the class, he has distinguished himself. He has a wide range of innovative thoughts and is a good observer and quick learner.

He has shown his spontaneity, sheer knowledge and ability to grasp quickly during the class hours which are dedicated to seminars related to this subject. He has good academic career and has shown a pragmatic approach towards his studies. I find him to be a dedicated and industrious student. This can be demonstrated by his academic performance and I am very confident that he will excel in his higher studies and he will be a prospect for the future of your university.

LETTER OF RECOMMENDATION

I am pleased to recommend Ms. **BANDALAMUDI SAI MEGHANA** for the master's program in your university. I have known her from last 4 years. She is one of the most promising students I have come across.

She has been my student in "**SOFTWARE ENGINEERING**" in 6th semester. During the period of my association with her I was able to gauge her innate abilities to understand the basic concepts and apply them to tackle the problems associated with it. I'm fully confident about the knowledge in her graduation and I would rate her among the top 10% within the class of 59 students.

As a student she was dedicated to her assignments given to her and finished them on time. She was always been a hard worker and I am impressed with her quick perception and in her reproduction of concepts. Her application is praiseworthy. Perseverance, sincerity and thirst for knowledge have always been the hallmark of her personality.

She has also taken seminars in our college. Proficiency in English through knowledge of the subject coupled with the style of her teaching in a clear and lucid manner made her seminars very interesting and informative. She also has the rare quality of time management and strikes the right balance between her academic and personal commitments. Her maturity, competence and ability to work diligently indicate that she can perform well these strengths and co-operative nature. I firmly believe you would make her a successful candidate for pursuing higher studies in your university.

With full confidence in her abilities, I personally have a strong feeling that Ms. **BANDALAMUDI SAI MEGHANA** is a deserving personality for masters at your esteemed University along with a suitable financial support.

LETTER OF RECOMMENDATION

I am writing to you in support of **Mr. Sankuru Manoj Kumar** and his desire to attend your university for doing Master's program. I have assessed him in the subject "**Software Engineering**". I think some of my observations are worth mentioning while I pen down my letter recommending him to study at your university.

To begin with, he is a perky class participant and brings together an engineer's analytical approach, a keen grasp of basic facts. He is a self-starter and likes to go beyond the theoretical point of view, to the practical application of subjects. Other than the stipulated work in class, he has taken up several other initiatives. His equal commitment and sincerity towards his studies and extracurricular activities impressed me immensely.

Mr. Sankuru Manoj Kumar possesses a very fine personality for which he is liked by one and all in the department, with his friendly disposition, he can fit into any team. He has a theoretically well-backed approach to solving problems, which clearly displays his innovative and experimental skills. His understanding of concepts with ease makes him an ideal candidate for any kind of work.

He is an ambitious and career-oriented person who believes in reality and completing the work meticulously. He keeps himself updated on the latest developments and goes through which was evident from the technical discussions and interviews I had with him. I am confident that he will continue to display the same commitment and diligence. Hence, I strongly recommend him for admission into your university. I wish him all the best in his future.

LETTER OF RECOMMENDATION

I am writing this recommendation letter to you in support of **Ms. ALAPARTHI PALLAVI** on her desire to be a part of your university and to seek admission for higher studies at your university. As a head of the department I know her for past four years as an undergraduate student and found her to be an aspiring and sincere student. I was able to determine her initiate abilities to understand the basic concept and apply them to tackle the problems associated with it.

Relationship with this particular student became strong when I handled subject like "**SOFTWARE ENGINEERING**". She has performed exceptionally well in the academics and in the lab as well scoring excellent grades in theory and laboratory.

Ms. ALAPARTHI PALLAVI is quite ambitious and career driven. She works hard to achieve her goals and is committed to her work. Her ability to organize her time efficiently and her meticulous preparation will be an asset to her research team. Her self confidence and optimistic approach to solve even the most difficult problems are worth mentioning, her systematic and focused approach has always ended in her good academic performance. Her ability to visualize and linking the fundamentals of each subject makes her as an ideal student for research. She has brilliant leadership skills and competent of extracting the best out of her team.

With a good sense of foresight she has always been a foot forward to all her fellow students in all aspects of circular activities. I feel she is one of the best student and recommend her candidature for admission which gives her an opportunity to prove at your university. It is my earnest hope that you accept her application to your university with financial assistance.

LETTER OF RECOMMENDATION

I am highly pleased to recommend **Mr. ASILETI RAJA RANJITH KUMAR** for a Master's in your esteemed university. I have taught him "SOFTWARE TESTING METHODOLOGY" and "SOFTWARE ENGINEERING". He always has a positive attitude towards studies. As per my observation, he is attentive, intellectual, and intelligent.

I found him a good listener, hardworking and active partner in class discussions. During three years of acquaintance with him, the remarkable quality that impressed me was his analytical thinking. He quickly understands the basic principles and concepts from his academic subjects and tries to implement them at the earliest. He has shown great interest by venturing beyond the scope of the matter. His inquisitive mind, analytical skills, and good interpretation skills will significantly facilitate research work at your university.

Apart from his studies, he is good at organizing activities and events. His excellent interpersonal skills make him quickly get along with classmates and teachers. He is emotionally mature and stable. He has excellent proficiency in English, which makes him express his ideas and thoughts clearly.

Judging from the above aspects, I can confidently state that **Mr. ASILETI RAJA RANJITH KUMAR** possesses the necessary qualities of passion, dedication, determination, and intellect to meet the graduate program requirements at your esteemed university. I highly recommend him for the Master's program at your reputed institution. I am optimistic that he can complete the course. I would be happy to provide you with any further information you require about him.

LETTER OF RECOMMENDATION

I am delighted to recommend **Ms. SAI SRI BOLLA**. As a Head of the Computer Science and Engineering Department at DVR & Dr .HS MIC College of Technology, I have known her for four years of her under-graduation at our college. My appraisal of her application for graduate studies is based on my acquaintance with her.

I have been able to gauge her strengths and abilities. She has a terrific ability to draw on her experiences and develop thoughtful opinions on a variety of issues. I taught her "**SOFTWARE ENGINEERING**". She is an individual with good subject involvement. She is a keen observer and a quick grasper with a wide range of innovative ideas.

Ms. SAISRI BOLLA is driven by inspiration, assimilated by new ideas, and guided by strong fundamentals. She has an ardency for technological innovations in the contemporary world. This is visible in the field she chose for her academic project. She could converse fluently and very coherently and was successful in explaining her points clearly in project presentations.

To sum up, I would like to say **Ms. SAISRI BOLLA** is a hardworking, courteous individual, who in my opinion is well suited for research. Her aptitude which combines perseverance, commitment, and creativity will certainly make her a valuable member of your institution. I strongly recommend her candidature and will be glad to entertain any further communication in this regard.

LETTER OF RECOMMENDATION

It gratifies me to give this letter of recommendation to **Ms. JAMALLAMUDI PRIYANKA**. I was faculty for the subjects "**SOFTWARE ENGINEERING**" and "**SOFTWARE TESTING METHODOLOGIES**". During my interaction with her in the class, I observed that she is inquisitive and urges to gain an in-depth knowledge in all aspects

Ms. JAMALLAMUDI PRIYANKA was a very sincere student and displayed sufficient motivation to excel in a research kind of environment. The reason I say this is because she always took initiative to learn more about the subject. She would come up with intelligent and issue-based questions in class that reflected that she would have done her homework on the subject properly. Her assignments were precise, well supported, organized, and timely and showed her liking towards practical implementations. This was evident from several lab assignments she worked on. During the Software Testing lab sessions, she always tried something new apart from her class work. She never gave up when she was stuck at something, she would try hard until she gets the right solution. Her ability to work with counter parts and even with her seniors is exemplary. With her pleasing manners, proficiency in communicating her ideas effectively, she has established an excellent rapport with her fellow students and the faculty. She has brilliant team leader skills and is competent of extracting the best out of her team members. Her performance in the course has been superior, impressing me with her commitment to learn and think innovatively. She is a student with self-reliance and good levels of self-confidence.

Apart from scoring good grades in her exams she actively participated in the departmental fests that were conducted. This proves that she has aptitude for co-curricular and extra-curricular record. She was part of many social service activities. She has also illustrated competent leadership qualities while organizing various technical and non-technical events at department and college level.

Ms. JAMALLAMUDI PRIYANKA has discussed with me her interest in master's program. With her background and work experience, I feel that she does have the right aptitude to excel in any graduate level program. She would definitely prove to be a valuable contributor to the projects and work going on at your university. I strongly recommend her to your program for admissions and also for financial assistance.

LETTER OF RECOMMENDATION

I take immense pleasure to recommend **Mr. PATHI PRAVEEN**, into your prestigious institution. My association with him has given me a Sample scope to assess his capabilities very closely, both academically and personally. As an Associate Professor of Department of Computer Science & Engineering. I have known him very well and during his undergraduate studies. I had an opportunity to closely interact with him. During his studies, I had taught him the subject "**SOFTWARE ENGINEERING**" where I came to know this person who showed keen interest in the subject and curiosity to learn.

He is a steady understudy with a serious level of inspiration and responsibility. He can become familiar with the complexities of the subjects of his specialization just as subjects which are interdisciplinary. He has consistently been standard in his work and has shown a characteristic tendency towards the functional part of the subject. He has shown distinct fascination for study hall conversations and his enthusiasm to find out about the subject and persistence to test and learn makes his an ideal individual for exploration and assignments requiring unique musings. I rate his in top 10% among the undergraduates of his group.

He has been curious and has exhibited superb force of perception. I'm exceptionally dazzled with the colossal measure of assurance and devotion he shows towards finding out more and concentrating for this. His great relational abilities have assisted him with producing solid associations with individual undergraduates and different individuals from our staff. All in all, I have discovered him to be an understudy with enormous potential to surpass.

Generally speaking, I am sure that **PATHI PRAVEEN** with his earnestness, assurance and commendable scholarly capacities would end up being a resource for your college. Besides, his scholarly capability will contribute altogether to research and in this way I firmly suggest him for graduate examinations at your regarded college with the conceivable monetary assistantship.

LETTER OF RECOMMENDATION

I take immense gratification in presenting my student Ms. MALLELA PRIYANKA who is zestful to pursue higher studies at your institution. She has pursued her Engineering course under my superintendence and hence I consider myself to be decisively placed to reckon her predilection and endowments. She is a very profound and diligent student with sufficient inspiration to overshadow in her chosen field of studies. I have known Ms. MALLELA PRIYANKA for a good period of four years during which, I taught her "DATA STRUCTURES" and "DESIGN AND ANALYSIS OF ALGORITHMS" in her third and sixth semesters respectively. As head and associate professor of computer science department, I work with many students who have sizeable knowledge of computer science.

She is sedulous student with a high degree of motivation. Her ability to organize her time efficiently and her meticulous preparation will be an asset to the research team. I have found her to be a student with high intellect and keen analytical thinking. Her self-assurance and optimistic approach to solve even the most difficult problems are worth mentioning. She has superb problem-solving skills. During discussion of the case studies, she was highly potent in applying the course material in analysing the problem situations. Each year I heed that only a few outstanding students offer a unique perspective and really embrace their enlightenment of subject matter.

Ms. MALLELA PRIYANKA evinced her oral articulateness in the discussion sections of case studies that were an integral part of the computer science course. She explained her views very succinctly and gave analytical arguments that were both explicit and compelling. She continues to impress me with her knowledge, skill and dedication to her work. I am sure you will find her to be a student whose talents will only shine further through your graduate program.

LETTER OF RECOMMENDATION

As the Associate Professor of Department of Computer Science Engineering, it gives me great pleasure to write this recommendation letter for Ms. GAMPA RAJESWARI. I have been her course mentor for the subject “OPERATING SYSTEMS” known her well during her course of study in this institute, I have the opportunity to observe and appreciate her academic caliber, as well as the versatility of her personality, I would rank her among the 5% of the students I have taught in my experience.

Ms. GAMPA RAJESWARI has distinguished herself as one of the best students in department. She was active and diligent class participant and brings together an Engineers analytical approach, a keen grasp of basic facts coupled with Theoretical knowledge, which she applies effectively to problem solving. She is an ardent learner and likes to go beyond the theoretical purview to practical applications of her subjects. She has shown tremendous energy and boundless enthusiasm to participate, plan and organize various intra and inter collegiate events. She effectively clarifies the doubts of the students of her own class, as well as her juniors.

In a nutshell, Ms. GAMPA RAJESWARI is a multifaceted person with a zeal for academic, cultural and extra-curricular activities. I am confident that your esteemed Institution will be an ideal place for her to improve upon her existing skills through pursuing a Post Graduation Program. I strongly recommend her for admission to the graduate program with financial assistance.

LETTER OF RECOMMENDATION

I am delighted to recommend Miss. RAMASITA MALLAREDDY, who is interested in pursuing her Masters at your esteemed university. As a faculty of Computer Science & Engineering Department of DVR and Dr. HS MIC College of Technology, I have known her for four years of her under-graduation at our college. My appraisal of her application for graduation studies is based on my acquaintance with her.

I have been able to gauge her strengths and abilities. She has a terrific ability to draw on his experiences and develop thoughtful opinions on a variety of issues. I taught her "DATA STRUCTURES" and "SOFTWARE TESTING METHODOLOGIES". She has a good hold on the above subjects. She is an individual with good subject involvement and her systematic approach is evident from her exceptional aptitude in engineering profession. Her technical knowledge is no doubt an asset to her.

Miss RAMASITA MALLAREDDY is driven by inspirations, incorporated by new ideas and guided by strong fundamentals. She has ardency for technological innovations in the contemporary world. This is clearly visible by the field she choose for her academic projects. She could converse fluently and very coherently and was successful in explaining her points clearly in project presentations. She has got the potential to perform well in a highly competitive atmosphere.

In short, I would like to say Miss. RAMASITA MALLAREDDY is a hardworking, courteous individual, who in my opinion is well suited for research. Her aptitude that combines perseverance, commitment and creativity will certainly make her a valuable member of your institution. I strongly recommend her candidature and will be glad to entertain any further communication in this regard.

Dear Mr. D.,

Raviteja Pola has submitted an application to Clark University's graduate admissions office and has notified us that you will be providing a recommendation. In order to simplify this process for you, we offer the ability to submit your recommendation online.

To provide your recommendation, please use our secure website. From there, you will be able to either use our recommendation form, upload your own document, or both. If you are unable to click the hyperlink in this email, you can access the webpage here: <https://gradapply.clarku.edu/refer/?2051593274532305>.

If there is any way we can be of assistance, please don't hesitate to reply to this email or give us a call at 508-793-7373. Thank you in advance for your time and consideration in recommending Raviteja.

Sincerely,

Graduate Admissions Office

LETTER OF RECOMMENDATION

It is with immense pleasure that I would like to recommend one of my students Mr. Raviteja Pola, who is applying to your esteemed University to pursue his Master's Program. As his professor, in the 1st semester, I taught him 'Computer Programming' and was able to script about him.

Mr. Raviteja Pola is an exceptionally talented individual with a diverse range of abilities that immediately distinguish him from his contemporaries. He has participated and excelled in lot of seminars conducted by different departments across the institution. I observed his organizational skills, communication skills, enthusiasm, and adaptability through his presentations and seminars at the institution, which provides him an added benefit over his peers. He is also capable of performing practical tasks independently as well as extending good collaborative interactions. He gets along well with his teachers, mentors and fellow students. His conceptual ability along with his creative attitude is exhibited both in and out of the classroom.

He also has remarkable problem-solving skills coupled with a very good analytical ability. He regularly brought up new ideas and innovative concepts with his fellow students, revealing his inquisitiveness and urge to learn more. He has done a good amount of hands on projects and showcased them on institutional level events. I was intrigued by his ability to interpret theoretical knowledge into practical understanding. His competence and efficiency are proved by his academic and extracurricular activities and I can assess him to be among one of the top students I have taught. He is one of the two students who got placed in an MNC in software industry from mechanical engineering background. This shows his curiosity in learning things apart from his academics.

I regard him as having a great chance of being an outstanding graduate student. I am confident that he will continue to succeed in his higher studies also. He has my highest endorsement for admission into his desired course at your esteemed university, preferably with financial aid.

LETTER OF RECOMMENDATION

It is my immense pleasure to support Cherukuri Sahithi Divya's candidature to your institution for masters at your university. Currently, I hold the designation of Head of the Department, Computer Science and Engineering in DVR & Dr.HS MIC College of Technology. I am associated with her as a mentor for the Final Capstone Project in the 8th semester and as a course instructor. Apart from being a mentor, I also taught her subjects like "Advanced Data Structures", "Database Management Systems". During this tenure, I noticed her to be extremely dedicated and diligent as she constantly strives for excellence in every task she takes up.

Being a faculty member and HOD, I had always encountered positive feedback from fellow professors. Her achievements in my classes were indicative of her caliber as a student. She was very inquisitive and enthusiastically participated in classroom discussions. She went beyond the requirements for her assignments every time, highlighting her deep interest in the field. She continuously proved her ability to lead a team through collaboration, sharing ideas and encouraging her peers.

Sahithi Divya is well recognized among the juniors. She actively guides them in their studies or projects whenever they approach her. She is always calm and composed, so everyone always loved to interact with her. I was also impressed with her time management skills. She is always on time for her classes and never failed to meet any deadlines. Despite having multiple assignments to complete in a semester, she neither delays the submissions nor asks for extra time.

She has substantial knowledge in Object Oriented Programming Language, Data Management Systems, Web Technologies, and AWS Cloud. This was demonstrated by the work she did in her Internship "AWS Virtual Cloud" and she is playing a role of team leader in the major Project of the last semester.

It does not come to me as a surprise that after four years of pursuing bachelors, she is still eager to pursue Master's. I strongly recommend Sahithi Divya for her post graduate studies in your institution. Her keen desire to explore and learn will take her far ahead in life. I wish her all the best for her graduate studies. Please feel free to contact me in case you have any queries regarding this recommendation.

LETTER OF RECOMMENDATION

I feel very contented recommending **Mr. VEGI SAI TEJA** to your esteemed institution. He had a good rapport with the faculty during his interaction with the department in his undergraduate program. He is extremely diligent and accomplished a consistent academic record. I taught him "**WEB TECHNOLOGIES**" course. I had observed him to be resourceful and good in practical sessions.

His keen interest towards the subject and punctuality in the submissions shows his determination and dedication towards his career. He is an active listener with tremendous problem-solving ability. He is one among those who thinks in all possible directions. He is very methodical in his work and possesses good analytical skills. Whenever he is skeptical about the topic, he clarifies it at that instant which benefits his peers too. Also, at times I would find him helping his batch members.

Apart from his theoretical knowledge, Mr. VEGI SAI TEJA also exhibited his empirical proficiency through his lab course work. Also, he participates frequently in various extracurricular activities such as sports, cultural events, etc. which represents his all-round development. He is an extrovert person who can easily gel with the people around, a quality with which he can mingle in any team easily.

Looking as a whole, I see him as a person who possesses all the qualities an individual should have. As your university encourages talent, a student like Mr. VEGI SAI TEJA with innate and extrinsic skill set when given a chance, will excel in his work and be an asset to the institution.

LETTER OF RECOMMENDATION

I have known **Mr. SOM SEKHAR BURADA** for the past four years which enabled me to assess his both academically and on a personal level. He is among the few students who can channelize their effort towards their goals. He was under my tutelage for subjects "SOFTWARE ENGINEERING".

His organized approach and constructive attitude set him apart from others. He is also held in good esteem by many other faculty members. I can confidently vouch for his sincerity, integrity and soundness of his Judgment. His analytical skills are very good and he is excellent at communicating his ideas. His enthusiasm to learn new topics and gain insight into the subject emphasizes his highly ambitious nature and incessant zeal to make innovative advances. His zeal for learning is intriguing.

Maintaining steadfast commitment and persistent hard work, he was able to score excellent grades consistently. As a Head of the Department I am always aware of **Mr. SOM SEKHAR BURADA's** achievements in both academic and extracurricular activities, he represented our college in various inter college competitions and received various appreciations for his achievements. His practical knowledge about subjects like cloud, data structures, data mining and operating systems is excellent.

I view him as a student who has the right attitude and aptitude to further his studies in a highly research oriented ambience. Given the opportunity, I believe that he will be benefited from the program that he has chosen at your university. I strongly recommend **Mr. SOM SEKHAR BURADA** for an admission into your esteemed university with possible financial assistantship and I wish him good for future.

LETTER OF RECOMMENDATION

I am writing this recommendation letter to you in support of Ms.NALLANI VANITHA on her desire to be a part of your university and to seek admission for higher studies at your university. As a head of the department I know her for past four years as an undergraduate student and found her to be an aspiring and sincere student. I was able to determine her initiate abilities to understand the basic concept and apply them to tackle the problems associated with it.

Relationship with this particular student became strong when I handled subject like "SOFTWARE ENGINEERING". She has performed exceptionally well in the academics and in the lab as well scoring excellent grades in theory and laboratory.

Ms.NALLANI VANITHA is quite ambitious and career driven. She works hard to achieve her goals and is committed to her work. Her ability to organize her time efficiently and her meticulous preparation will be an asset to her research team. Her self confidence and optimistic approach to solve even the most difficult problems are worth mentioning, her systematic and focused approach has always ended in her good academic performance. Her ability to visualize and linking the fundamentals of each subject makes her as an ideal student for research. She has brilliant leadership skills and competent of extracting the best out of her team.

With a good sense of foresight she has always been a foot forward to all her fellow students in all aspects of circular activities. I feel she is one of the best student and recommend her candidature for admission which gives her an opportunity to prove at your university. It is my earnest hope that you accept her application to your university with financial assistance.

LETTER OF RECOMMENDATION

I feel happy to write this letter of recommendation for Ms. VENKATA KANAKA DURGA GRANDHI who is an energetic young woman with commitment towards academics, cultural, and extra curricular activities. As faculty member of the Department of Computer Science & Engineering, I have known her very well and during her undergraduate studies, I had an opportunity to interact with her. During her studies, I had taught her the subject "**COMPUTER PROGRAMMING**" where I came to know this person who showed keen interest in the subject and curiosity to learn.

To begin with, Ms. VENKATA KANAKA DURGA GRANDHI has been an engaging member of the class. Her cheerful and fun-filled attitude is complimented with eagerness to help her fellow classmates. Her positive attitude led her to cultivate many interpersonal skills which she showed during organizing events in the department. She is one of the highly intellectual students in her class. She outshined in leading teams in both academic and extra-curricular activities. She always uses to lead teams and her distinctive communication skills made her express freely and clearly, which helped her to communicate her leadership nature. Her sincerity and hardworking nature are noteworthy.

I recommend this student to your university and with all my observations, I am sure that she will be successful in her career, I wish her all success and growth.

LETTER OF RECOMMENDATION

I have known Mr. SAI SHANMUKHA VARUN PONUGOTI for the past four years which enabled me to assess his both academically and on a personal level. He is among the few students who can channelize their effort towards their goals. He was under my tutelage for subjects "SOFTWARE ENGINEERING" and "CLOUD COMPUTING".

He organized approach and constructive attitude set his apart from others. He is also held in good esteem by many other faculty members. I can confidently vouch for his sincerity, integrity and soundness of his Judgement. His analytical skills are very good and he is excellent at communicating his ideas. His enthusiasm to learn new topics and gain insight into the subject emphasizes his highly ambitious nature and incessant zeal to make innovative advances. His zeal for learning is intriguing.

Maintaining steadfast commitment and persistent hard work, he was able to score excellent grades consistently. As the Head of the Department, I am always aware of his achievements in both academic and extracurricular activities. He represented our college in various inter college competitions and received various appreciations for his achievements. His practical knowledge about subjects like data structures, data mining and operating systems is excellent.

In view his as a student who has the right attitude and aptitude to further his studies in a highly research-oriented ambience. Given the opportunity, I believe that he will be benefited from the program that he has chosen at your university. I strongly recommend Mr. SAI SHANMUKHA VARUN for an admission into your esteemed university with possible financial assistantship and I wish him all the best for his future.

D. PRASAD.

Recommendation Request for Venkata Bhanu Prasad Unnam to Illinois Institute of Technology

1 message

Illinois Tech Recommendation Request <grad.recommend@iit.edu>
To: "dprasad@mictech.ac.in" <dprasad@mictech.ac.in>

Tue, Oct 11, 2022 at 7:38 PM

Dear Prasad Devarasetty,

I have started an application to the Master in Information Technology and Management program at Illinois Institute of Technology, College of Computing and request a letter of recommendation from you. My application will be reviewed within the next two weeks and I would greatly appreciate if you could complete my recommendation in this time frame.

Guidelines for Letters of Recommendation

Letters of recommendation should include the following:

- A testament to the applicant's skills, academic ability, and potential for graduate-level studies.
- Specific examples of how the applicant's skills, academic ability, and potential for graduate-level studies have successfully prepared them for their chosen field of study.

Please complete your recommendation by providing examples of support through our secure website. To submit your recommendation, please use the link below. This link is unique to this recommendation and should not be shared or forwarded.

[Submit Recommendation Here](#)

If you have any questions about the recommendation process, please feel free to contact us at admissions@id.iit.edu or 312.567.3020.

Thank you for your time and support!

LETTER OF RECOMMENDATION

I feel privileged to write about the potential of Unnam Venkata Bhanu Prasad for an admission into graduate program at your prestigious university. I was his mentor right from the beginning of his undergraduate study. I instructed him in “C Programming” which has given me ample scope to assay his abilities very closely, both academically and personally.

He is a conscientious worker and his ability to manage time effectively and efficiently always proves advantageous to his peers. Despite being from Mechanical stream, he showed a keen interest in deep computer fundamentals and is well versed in C, Java and SQL and has an excellent knowledge of web technologies. He is very diligent and constantly strives for deeper understanding of the subjects.

He maintains a very good rapport with his instructors and fellow students. He is very confident, very optimistic and never waits for opportunities rather creates them. He is a very active participant in the class discussions. His presentations of reports and seminars have been very good, indicating impressive communication skills and good command over the English language. I found him highly motivated to do graduate studies and research. He has a rare blend of top writing and interpersonal skills.

I feel that his diligence and pragmatic analysis represent him competency towards research. Hence, I strongly recommend him to be considered as the potential candidate for admission to the graduate program in your esteemed university with full financial assistance. I wish him all the success in his pursuits of academic advancements and career.

LETTER OF RECOMMENDATION

I am writing to you in support of **Mr. NIZAMUDDIN SHAIK** and his desire to attend your university for doing Master's program. I have assessed him in the subject "**SOFTWARE ENGINEERING**". I think some of my observations are worth mentioning while I pen down my letter recommending him to study at your university.

To begin with, he is a perky class participant and brings together an engineer's analytical approach, a keen grasp of basic facts. He is a self-starter and likes to go beyond the theoretical point of view, to the practical application of subjects. Other than the stipulated work in class, he has taken up several other initiatives. His equal commitment and sincerity towards his studies and extracurricular activities impressed me immensely.

Mr. NIZAMUDDIN SHAIK possesses a very fine personality for which he is liked by one and all in the department, with his friendly disposition, he can fit into any team. He has a theoretically well-backed approach to solving problems, which clearly displays his innovative and experimental skills. His understanding of concepts with ease makes him an ideal candidate for any kind of work.

He is an ambitious and career-oriented person who believes in reality and completing the work meticulously. He keeps himself updated on the latest developments and goes through which was evident from the technical discussions and interviews I had with him. I am confident that he will continue to display the same commitment and diligence. Hence, I strongly recommend him for admission into your university. I wish him all the best in his future.

LETTER OF RECOMMENDATION

I am contented to endorse this letter of recommendation in favor of **Mr. SAI SANDEEP VADLAMUDI** who is keen to pursue higher studies at your institution. I know him for the past four years as an undergraduate student, where I had taught him the courses in the field like **COMPILER DESIGN** in 7th semester and have been instructor for laboratory courses like **"COMPUTER NETWORKS"** in 6th semester.

Aesthetic programming skills, perseverance and tenacity to complete the work assigned in him. His keen insight into the learning process and innovative thinking made him participate in various technical symposiums conducted in the college. He is an intelligent, hardworking student with excellent creative and observation skills. He can carryout practical work independently and also extended good cooperation in teamwork. He has also worked under my supervision in organizing lab and Department works.

High grasping power and ability to reason logically seem to come naturally to him. His manners are quite pleasing and he has a natural drive to come up with solutions for problems since he has a sound knowledge of the concepts taught in class. He is enthusiastic during discussions and his interest is evident through the projects and assignments that he undertakes. He is willing to go ahead and get a comprehensive picture of things, rather than acquiring a surface understanding.

On associating with him, I have found him to be attentive and enthusiastic during discussions and his interest is evident through the projects and assignments that he undertakes. His ability to convince people has always impressed me. Good communication and organizational skills help him to be at the forefront of organizing seminars. Undoubtedly, he will be a source of inspiration for others.

Considering his academic excellence and effective communication skills, I rank him among the top 10% of the students of his class. I recommend him in the strongest terms for admission to the Graduate Program at your University preferably with financial aid.

LETTER OF RECOMMENDATION

I am writing this recommendation letter to you in support of Ms. LEELA SAI SWETHA EJJADA on her desire to be a part of your university and to seek admission for higher studies at your university. I know her for past four years as an undergraduate student and found her to be an aspiring and sincere student. I was able to determine her initiate abilities to understand the basic concept and apply them to tackle the problems associated with it.

Relationship with this particular student became strong when I handled subjects like “ADVANCED DATA STRUCTURES” and “DATABASE MANAGEMENT SYSTEM”. She has performed exceptionally well in the academics and in the lab as well scoring excellent grades in theory and laboratory.

Ms. LEELA SAI SWETHA EJJADA is quite ambitious and career driven. She works hard to achieve her goals and is committed to her work. Her ability to organize her time efficiently and her meticulous preparation will be an asset to her research team. Her self confidence and optimistic approach to solve even the most difficult problems are worth mentioning, her systematic and focused approach has always ended in her good academic performance. Her ability to visualize and link together the fundamental of each subject marks her as an ideal student for research. She has brilliant leadership skills and competent of extracting the best out of her team.

With a good sense of foresight she has always been a foot forward to all her fellow students in all aspects of circular activities. I feel she is one of the best students and recommend her candidature for admission which gives her an opportunity to prove at your university. It is my earnest hope that you accept her application to your university with financial assistance.

LETTER OF RECOMMENDATION

It gives me a sense of great happiness to write this letter of recommendation for Ms. Challagolla Manasa who is intending to pursue masters at your prestigious university. Based on my association with her for three years as her professor of the subjects titled Soft Skills and 'Effective Technical Communication', I can vouch for her abilities and focused sense of direction in life.

Manasa is a studious student with a rare ability of logical and intuitive thinking. She is a talented and intelligent student. She enjoys the ability to comprehend, conceptualize and analyze a state of affairs. In my regular interaction with her, I have found her to be diligent, dedicated and meticulous in her approach. She takes part in extracurricular activities besides excelling in academics.

I would like to conclude that she is a person who gives utmost importance to her works and works on them with a robust work ethic and discipline. I strongly recommend that you give her a chance to prove her competence in the world of Computer Science. I am certain she will make you proud with her industriousness and commitment.

LETTER OF RECOMMENDATION

It is with a sense of delight that I recommend Ms. PONNAM JAYA NAGA SAI SREENEELA desires to pursue masters at your prestigious university. I have a close association with her for past three years, being his professor for 'English', 'Effective Technical Communication' and 'Soft Skills'. It gave me an opportunity to observe her and monitor her skills and personality.

SREENEELA is a learner with a rare ability for logical and innate thinking, she has proved herself to be a proficient and intelligent student. Her capacity to understand a trouble and to conceptualize and analyse a situation desires a mention. Her Interactive skills makes her stand out among her peers.

During classroom and personal interactions with her, I have found her to be vigilant and meticulous in her approach. She takes part in extracurricular activities besides excelling in academics. She worked for our college's techno-management fest Aagama. She has actively participated and excelled in several technical events.

I can confidently state that SREENEELA was a step ahead of most of her peers when it came to experimenting with her learning. And she is a person who gives utmost importance to her pursuits and works on them with a robust work culture and discipline. I strongly recommend you give her a chance to prove her competence in at your esteemed university. I am certain she will make you proud with her industriousness and commitment.

LETTER OF RECOMMENDATION

Dear Admissions committee,

I am pleased and proud to introduce one of my best students Mr. Pavuluri Nikesh. I have known him for more than three years of his academic career and I am delighted to write a letter of recommendation for him because, apart from his perceptiveness in his studies, he is a critical thinker and a foresighted person. He has flair for theory as well as practical applications which made me get impressed with him. His involvement in discussions with faculty in the department when he comes to clarify his doubts, made him to secure immense theoretical as well as practical knowledge.

I taught him subjects namely, 'English' and 'Effective Technical Communication' during his 1st and 3rd semesters. He is a keen participant in the activities of the classroom. His ability to understand a problem, conceptualize and analyse a situation needs a special mention. He has the calibre to work individually as well as in a group in a very effective manner. He is a student who makes an effort to turn even his weakness into strength.

I guarantee that he possesses the potential to do well not only in his academics, but also in extra-curricular activities. He has organised some of the events as a member of TALENTIA, a literary and cultural club of our college during which he worked under my supervision. Besides, He is one of the best photographers of our college as he has covered some of our department's prestigious events.

I am confident that he is a student with great zeal for higher academic pursuits and aptitude for research as well. I strongly recommend his candidature for your graduate program with maximum possible financial assistance.

Sincerely,

Ashok Vardhan

LETTER OF RECOMMENDATION

I take immense pleasure to recommend **Mr. Mirthivada Naga sai** for his admission in your revered university. Having taught him the subject "**OOPS THROUGH JAVA**" during this period I have observed his enthusiasm and zeal to learn these subjects. He is one of the most conscientious and eloquent student. Concerned about his studies he is always indubitable.

He is always studious and interested in the subject. His dedication towards academics is sublime and is evident from his excellent grades in this subject. He is a diligent and hardworking student. He is very quick at grasping concepts. He has consistently performed well in the class and has a good understanding of the fundamentals along with a strong desire to learn and enrich his knowledge.

I really appreciate him for his zeal to learn even the advanced topics which are not covered in the curriculum. He has distinguished himself as one of the best student in the class. He is a keen observer and a quick grasper with a wide range of innovative ideas.

Mr. Mirthivada Naga sai has shown his spontaneity, sheer knowledge and ability to grasp quickly during the class hours which are dedicated to seminars related to this subject. I find him to be a dedicated and industrious student. This can be demonstrated by his academic performance and I am very confident that he will excel in his higher studies and he will be a prospect for the future of your university.

I wish him all the success in his pursuits of academic advancements and career.

LETTER OF RECOMMENDATION

It takes immense pleasure in introducing Ms. MADALA SUPRAJA. I have taught Principles of Programming languages course to her in B.Tech. The interactions with her during class work are happiest and make me to assess the intellectual capability and analytical skills. Based on that, I rank her as one of the top students in the class.

Ms. MADALA SUPRAJA has distinguished herself as one of the best students in the branch. She is active and diligent class participant and bring back together an Engineers analytical approach, a keen grasp of basic facts coupled with mathematical knowledge, which she applies efficient to problem solving. She has always exhibited fecundity of mind. She is an ardent learner and likes to go beyond the theoretical concepts to practical applications of subjects and to achieve her goals in laboratory systems and industrial visits.

In null Shell, Ms. MADALA SUPRAJA is a multitalented person with a zeal for academics, cultural and extra cultural activities. I am confident that your esteemed university will be an ideal place for her to prove upon her existing skills through pursuing a Master's program. I strongly recommends her for admission to graduate with all possible financial assistance.

Letter of recommendation

It gladdens me to write this letter of recommendation for **Ms. Akshaya G**, whom I have known for the last three years, both as part of the classes that I have taught and witnessing her zeal and enthusiasm with which he has remained a committed all round student.

Ms. Akshaya G has been under my tutelage for **Electrical Machines**. She is an intensely focused student who is well read and prepared for class discussions. She has an analytical bend of mind that she uses well in comprehending complex homework on her own. She has the ability to analyze subject's application and experiments towards implementing her learning to find solutions, ability I find to mark her potential for further research and graduate studies. Ability to concentrate is her biggest advantage, which she puts to use when made to work on her own in the lab, yet her excellent communication skills' enables her to work well in teams alike.

In addition she has a natural talent to engage and get along with people in the most charming manner. She has a caring and responsive temperament and is also extremely patient and understanding. These attributes I believe she has been instrumental in her holding leadership position, be part of organizing committees of student events, clubs and volunteer work with aplomb.

I've taught exceptional students in the so many years of my teaching career, many who have gone on to study at prestigious universities globally. While **Ms. Akshaya G**'s percentage and relative department rank exhibits her real caliber, she surely is one who has a quest for learning and has a self-motivation to achieve. Without hesitation, **Ms. Akshaya G** will prove to be a successful and recommend her highly to the graduate school at your university.

Wishing him a bright future ahead.

LETTER OF RECOMMENDATION

It is indeed a great pleasure in vouching Ms. PRIYANKA S, a cheerful and prompt student of mine for three years during her graduation which I had an opportunity to judge her capabilities and integrity personally as well as academically.

Apart from studies and projects, Ms. PRIYANKA S took an active part in many extra-curricular activities. She is indeed a very creative learner and her leadership skills have been brought to the fore on several occasions. She has an ability to organize and express her ideas clearly in English both orally and in writing. Her dynamic organizational involvement in various activities of both international and national co-curricular activities organized by DVR & Dr. HS MIC College of Technology, Kanchikacherla, stands a worthy testimony for her leadership skills.

Bearing her impressive calibre in mind I strongly place her among the top 5% of the students associated with me in recent year. She is sincere and detailed in her approach with positive attitude and willingness to delve deep into the subjects, she will reach great heights in his career and I believe he will be an extremely valuable addition to your university and the department. Her dedication towards higher studies, the quest for knowledge and her intellectual abilities leads me to strongly recommend Ms. PRIYANKA S to the graduate program in your esteemed university with possible financial aid.

LETTER OF RECOMMENDATION

It is indeed a great pleasure in vouching Ms. VASAVI R, a cheerful and prompt student of mine for three years during her graduation which I had an opportunity to judge her capabilities and integrity personally as well as academically.

Apart from studies and projects, Ms. VASAVI R took an active part in many extra-curricular activities. She is indeed a very creative learner and her leadership skills have been brought to the fore on several occasions. She has an ability to organize and express her ideas clearly in English both orally and in writing. Her dynamic organizational involvement in various activities of both international and national co-curricular activities organized by DVR & Dr. HS MIC College of Technology, Kanchikacherla, stands a worthy testimony for her leadership skills.

Bearing her impressive calibre in mind I strongly place her among the top 5% of the students associated with me in recent year. She is sincere and detailed in her approach with positive attitude and willingness to delve deep into the subjects, she will reach great heights in his career and I believe he will be an extremely valuable addition to your university and the department. Her dedication towards higher studies, the quest for knowledge and her intellectual abilities leads me to strongly recommend Ms. VASAVI R to the graduate program in your esteemed university with possible financial aid.

Mr. Venu Babu

Assistant Professor,

Department of Electrical & Electronics Engineering

Mail: venubabu@mictech.ac.in.

Letter of recommendation

It gladdens me to write this letter of recommendation for **Mr. YAKHOOB P**, whom I have known for the last three years, both as part of the classes that I have taught and witnessing his zeal and enthusiasm with which he has remained a committed all round student.

Mr. YAKHOOB P has been under my tutelage for **Electrical Circuit Analysis**. He is an intensely focused student who is well read and prepared for class discussions. He has an analytical bend of mind that he uses well in comprehending complex homework on his own. He has the ability to analyze subject's application and experiments towards implementing his learning to find solutions, ability I find to mark his potential for further research and graduate studies. Ability to concentrate is his biggest advantage, which he puts to use when made to work on his own in the lab, yet his excellent communication skills' enables him to work well in teams alike.

In addition he has a natural talent to engage and get along with people in the most charming manner. He has a caring and responsive temperament and is also extremely patient and understanding. These attributes I believe he has been instrumental in him holding leadership position, be part of organizing committees of student events, clubs and volunteer work with aplomb.

I've taught exceptional students in the so many years of my teaching career, many who have gone on to study at prestigious universities globally. While **Mr. YAKHOOB P** percentage and relative department rank exhibits his real caliber, he surely is one who has a quest for learning and has a self-motivation to achieve. Without hesitation, **Mr. YAKHOOB P** will prove to be a successful and recommend him highly to the graduate school at your university.

Wishing him a bright future ahead.

His dynamic organizational involvement in various activities of both international and national co-curricular activities organized by DVR & Dr. HS MIC College of Technology, Kanchikacherla, stands a worthy testimony for his leadership skills.

Bearing his impressive calibre in mind I strongly place him among the top 5% of the students associated with me in recent years. He is sincere and detailed in his approach with positive attitude and willingness to delve deep into the subjects, he will reach great heights in his career and I believe he will be an extremely valuable addition to your university and the department. His dedication towards higher studies, the quest for knowledge and his intellectual abilities leads me to strongly recommend Mr. NARSIMHA SWAMY K to the graduate program in your esteemed university with possible financial aid.

LETTER OF RECOMMENDATION

It is indeed a great pleasure in vouching Mr. PRASANNA KUMAR D, a cheerful and prompt student of mine for three years during his graduation which I had an opportunity to judge his capabilities and integrity personally as well as academically.

Apart from studies and projects, Mr. PRASANNA KUMAR D took an active part in many extra-curricular activities. He is indeed a very creative learner and his leadership skills have been brought to the fore on several occasions. He has an ability to organize and express his ideas clearly in English both orally and in writing. His dynamic organizational involvement in various activities of both international and national co-curricular activities organized by DVR & Dr. HS MIC College of Technology, Kanchikacherla, stands a worthy testimony for his leadership skills.

Bearing his impressive calibre in mind I strongly place him among the top 5% of the students associated with me in recent years. He is sincere and detailed in his approach with positive attitude and willingness to delve deep into the subjects, he will reach great heights in his career and I believe he will be an extremely valuable addition to your university and the department. His dedication towards higher studies, the quest for knowledge and his intellectual abilities lead me to strongly recommend Mr. PRASANNA KUMAR D to the graduate program in your esteemed university with possible financial aid.

Dr. P. Pradeep

Bearing his impressive calibre in mind I strongly place him among the top 5% of the students in your esteemed university with possible financial aid.

Mr. SRI HARI T has demonstrated exceptional academic abilities, particularly in the field of Technology. He consistently excels in his studies, achieving high marks in all subjects. His dedication towards higher studies, the quest for knowledge and his departmental activities have been commendable. Mr. SRI HARI T has shown great interest and enthusiasm in his studies, especially in Mathematics, Physics and Chemistry. He has a strong analytical mind and is capable of solving complex problems quickly. His communication skills are excellent, both orally and in writing. He is a team player and is always ready to help others. He has a good command over English and can express himself clearly and effectively. He has a good sense of humour and is always ready to make people laugh. He is a hard worker and has a positive attitude towards life. He is a good leader and has the ability to inspire others. He is a good role model for the younger generation. I highly recommend him for admission to your university. I am sure he will be a valuable addition to your institution.

Mr. SRI HARI T has participated in various extra-curricular activities such as sports, cultural events and social service projects. He has won several awards and certificates for his participation in these activities. He is a member of the student council and has served as a representative for the students. He is a good citizen and has a strong sense of social responsibility. He is a good example for the younger generation and I am sure he will be a valuable addition to your university.

Mr. SRI HARI T has a bright future ahead of him. He has the potential to become a successful engineer and contribute to the development of our country. I highly recommend him for admission to your university. I am sure he will be a valuable addition to your institution.

LETTER OF RECOMMENDATION

Dr. P. Pradeep, M.Tech., Ph.D.,
Associate Professor and Head of the Department,
Department of Electrical & Electronics Engineering

 A.V RAVI KUMAR

Wishing him a bright future ahead.

I've taught exceptional students in the so many years of my teaching career, many who have gone on to study at prestigious universities globally. While Mr. Srinivas Naik percentage and relative department rank exhibits his real caliber, he surely is one who has a quest for learning and has a self-motivation to achieve. Without hesitation, Mr. Srinivas Naik will prove to be a successful and recommended him highly to the graduate school at your university.

In addition he has a natural talent to engage and get along with people in the most charming manner. He has a caring and responsive temperament and is also extremely patient and understanding. These attributes I believe he has been instrumental in him holding leadership positions, be part of organizing committees of student events, clubs and volunteer work with aplomb.

In addition he has a natural talent to engage and get along with people in the most charming manner. He has a caring and responsive temperament and is also extremely patient and understanding. These attributes I believe he has been instrumental in him holding leadership positions, be part of organizing committees of student events, clubs and volunteer work with aplomb.

Mr. Srinivas Naik has been under my tutelage for Electrical Machines. He is an intensely focused student who is well read and prepared for class discussions. He has an analytical bent

of mind that he uses well in comprehending complex homework on his own. He has the ability

to analyze subjects application and experiments towards implementing his learning to find

solutions, ability I find to mark his potential for further research and graduate studies. Ability

to concentrate is his biggest advantage, which he puts to use when made to work on his own in

the lab, yet his excellent communication skills enables him to work well in teams alike.

In addition he has a natural talent to engage and get along with people in the most charming

manner. He has a caring and responsive temperament and is also extremely patient and understanding.

Sincerely,

In view of the above qualities, I strongly recommend Essak. CH for admission in your university for the graduate program with full financial assistance.

Mr. Essak. CH research orientation and strong inclination towards his field of interest will help him make significant contributions to his field. A good wholesome personality coupled with leadership qualities will make him an asset to any team he may work with. Hisaplomb and clarity wonderfully blended with suitableness will be a great source of motivation for the members of the team he is in.

Mr. Essak. CH is studious and very strong in his fundamentals. He has excellent command over English and apart from being studies in his academic work, he is an enthusiastic participant in technical quizzes. He has an ability to rapidly grasp and perceive new concepts.

Mr. Essak. CH is an self-motivated student with sharp intellect. His enthusiasm in problem-solving and the ability to analyze ideas are peerless. Besides his regular course work, he has participated in various symposiums and technical seminars.

Mr. Essak. CH has been my student for the past three years. I have handled CAD/CAM & CAD/CAM LAB. He is an intelligent and diligent student excelling in both academic work and co-curricular activities.

possible assistance.

In my unbiased opinion he has a rich blend of creativity and commitment required for a person who desires further studies in communication engineering. All the above qualities coupled with his pleasing demeanor, adaptability and proactive approach have convinced me to grade him among the good students. Considering his keen interest in pursuing higher studies and his preference for research oriented study, I strongly recommend him for admission into your Master's program with all and he is characterized by sense of responsibility, promptness, conscientiousness, endurance and self-confidence.

His major assets are communication skills, clarity of expression and articulation. He has the necessary potential to achieve academic goals quite smoothly. His consistent academic performance makes it easy to rate him top among his peers and he is characterized by sense of responsibility, promptness, conscientiousness, endurance and self-confidence.

I have handled the courses of CAD/CAM & Production Technology " in which he has done exceptionally well with an excellent score. He possesses good conceptual knowledge in the subjects and methodical work has helped him in developing clarity in problem solving when approached by fellow students, their extreme interest, persistent attitude and intellectual curiosity drive him to get deeply involved in his work and excel in it

I am writing this letter in support of Mr. Loith who is a student of Mechanical Engineering at our college in my capacity as an associate professor at the department of Electronics and Communication engineering. I have known him for the past 3 years and have found him to be an aspiring and sincere student

Andhra Pradesh, India - Pin: 521180

(Mr. R. Ranjith Kumar)
Sincerely,

In view of the above qualities, I strongly recommend Mr. Murali D. for admission in your university for the graduate program with full financial assistance.

Mr. Murali D. research orientation and strong inclination towards his field of interest will help him make significant contributions to his field. A good wholesome personality coupled with leadership qualities will make him an asset to any team he may work with. His plomb and slactery wonderfully blended with suitableness will be a great source of motivation for the members of the team he is in.

Mr. Murali D. is studious and very strong in his fundamentals. He has excellent command over English and apart from being strong in his academic work, he is an enthusiastic participant in technical quizzes. He has an ability to rapidly grasp and perceive new concepts.

Mr. Murali D. is an extremely self-motivated student with sharp intellect. His enthusiasm in problem solving and the ability to analyze ideas are peerless. Besides his regular course work, he has participated in various symposiums and technical seminars.

Mr. Murali D. has been my student for the past three years. I have handled MECHANICS OF SOLIDS & THEORY OF MACHINERY. He is an intelligent and diligent student excelling in both academic work and co-curricular activities.

RECOMMENDATION

Associate Professor,

Department of Electronics and Communication Engineering, DVR and Dr. HS MIC College of Technology,
Email: kmichaelangelo@mictech.ac.in
Phone: +91-8712370640

I am pleased to recommend Mr. Bhanu Prakash N who is applying for the Master's program at your university. He is pursuing Bachelor of Engineering in Electronics and Communication Engineering at our college. I have taught him "WIRELESS SENSOR NETWORKS" and co-ordinated with "TECHNICAL SEMINAR". I have known her for the past two years as my student, and I am sure he will reach the pinnace of his career through sheer hard work and dedication.

I interacted with him a lot of times and I found him very unique because he stands out when compared to the rest of the students. I found him very creative and he has an excellent grasping power. Unique students are rare to find and when we Professors find one like him, we are happy to be the one to guide him through a particular subject and help him master it, as it will be useful for him in future projects.

His ability to work with his counterparts and even with his seniors is exemplary. With his pleasing manners, proficiency in communicating his ideas effectively, he has established an excellent rapport with his fellow students and the faculty. He has brilliant team leader skills and is competent in extracting the best out of his team members. He also has good teaching capabilities.

Having known him as a student, I am strongly convinced that Bhanu Prakash N will make a significant contribution to your program. I strongly recommend him for admission to the Master's program at your prestigious university with possible financial assistance.

(Dr. K. MICHAEL ANGELO)

LETTER OF RECOMMENDATION

I am extremely glad that Mr. Dawood Ibrahim Skhas decided to pursue his Masters. I had taught him course on "Verilog Large Scale Integration". In the learning process, I find him to be dedicated. He is a student who works with conviction.

In my view, I have found Mr. Dawood Ibrahim Skto be an outstanding student who is highly responsible and intelligent. He is a disciplined student who bears a pleasant disposition. His excellent communication skills add to the impressiveness with which he delivers lectures and presents seminars. He maintains perfectness in all aspects and completes the work within the stipulated time.

He is very pleasant and shows good manners while interacting with faculty members and peers. With his excellent communication skills, he gets along with people well and he is a good team player. His knowledge, ability and punctuality were undoubtedly the best talks presented by any student. He actively served as a volunteer at NATIONAL YOUTH PARLIAMENT on 10th, 11th and 12th Feb, 2019. On a personal note, he comes across as a very helpful and polite student.

His intense desire to study further, to strengthen his academic proficiency and his attitude to always give his best distinguishes him from other students in her class. Dawood Ibrahim Skmakes an excellently suitable candidate for caking up graduate studentship. I wholeheartedly recomend him for graduate studies at your esteemed Institution.

LETTER OF RECOMMENDATION

It gives me immense pleasure in bearing testimony to the excellent character and conduct of **Durga Prasad A** who is interested in pursuing his academic career in your esteemed university. I only recommend students whom I feel are well suited for the program of their choice. He has been under my tutelage for the past 4 years. Over those years I have taught him 'WIRELESS SENSOR NETWORK' course.

Through my observation I would like to day that he is attentive, articulate and studious. His ability to visualize and link together the fundamentals of each subject makes him an ideal student. Considering his tenacious, technical ambitions and his ability, I have great confidence that he would occupy the apex position in the field of his interest.

His intellectual prowess and capacity for experimentation are excellent. His extensive knowledge and natural ability to understand things often astound me when I connect with his . He is deserving of prize for his academic capacity and sheer effort by interacting directly with the instructors and motivley being involved in avariety of exta curricular activities, he demonstrated a strong desire to broaden his knowledge.

In my view above a person of his caliber can excel in this stimulating and challenging environment of graduate research . I am certain with his dedication and motivation. He will turn into an outstanding graduate student. Hence I strongly recommend him for the Master program in your esteemed university.

LETTER OF RECOMMENDATION

It gives me immense pleasure in bearing testimony to the excellent character and conduct of Ms. Kumari T who is interested in pursuing her academic career in your esteemed university. I only recommend students whom I feel are well suited for the program of their choice. She has been under my tutelage for the past two years. Over these years I have taught her 'Wireless Sensor Network' course.

Through my observation, I would like to say that she is attentive, articulate and studious. Her ability to visualize and link together the fundamentals of each subject makes her an ideal student. Considering her tenacious, technical ambitions and her ability, I have great confidence that Ms. KUMARI T Sushma would occupy the apex position in the field of her interest.

She has excellent intellectual and experimental abilities from the beginning. During my interactions with her, she always amazes me with her in-depth knowledge and innate ability to grasp. Her intellectual potential and sheer hard work are worthy of mention. She showed a great deal of interest in widening her knowledge by closely interacting with the faculty and actively involving and participating in various extracurricular activities. Her leadership and organizing capabilities were proved when she was successful in conducting a project in her last semester.

In my view, a person of her caliber can excel in this stimulating and challenging environment of graduate research. I am certain with her dedication and motivation. Ms. Kumari T will turn into an outstanding graduate student. Hence, I strongly recommend her for the Master program in your esteemed university. I wish her all the best and in case of any further queries feel free to contact me at my mail id mentioned above.

LETTER OF RECOMMENDATION

I am writing this letter in support of Mr. Mohan babu P who is a student of Electronics and Communication Engineering at our college In my capacity as an associate professor at the department of Electronics and Communication engineering, I have known him for the past 3 years and have found him to be an aspiring and sincere student

I have handled the courses of "Micro Processors and Micro Controllers" in which he has done exceptionally well with an excellent score. He possesses good conceptual knowledge in the subjects and methodical work has helped him in developing a broad perspective as well as mastery over fundamentals. He has an ability to voice her ideas clearly, which greatly enhances his clarity in problem solving when approached by fellow students, tier extreme interest, persistent attitude and intellectual curiosity drive him to get deeply involved in his work and excel in it

His major assets are communication skills, clarity of expression and articulation. He has the necessary potential to achieve academic goals quite smoothly. His consistent academic performance makes me easy to rate him top among his peers and he is characterized by sense of responsibility, promptness, conscientiousness, endurance and self-confidence.

In my unbiased opinion he has a rich blend of creativity and commitment required for a person who desires further studies in communication engineering. All the above qualities coupled with his pleasing demeanor, adaptability and proactive approach have convinced me to grade him among the good students. Considering his keen interest in pursuing higher studies and his preference for research oriented study, I strongly recommend him for admission into your Master's program with all possible assistance.

Dear Michael Angelo,

Poojitha Gayatri S is in the process of applying for admission to Saint Louis University and requested that you complete a recommendation questionnaire in support of the application.

Saint Louis University uses recommendations in order to gain a more complete understanding of the academic and personal qualities of the applicants: Please use the online recommendation site, which can be found here:

You can submit your recommendation here

This form will take approximately 5 minutes to complete and performs best using a desktop computer or laptop.

This applicant has the right to view their recommendation.

Thank you for your support of Poojitha Gayatri's application for admission to Saint Louis University.

Sincerely,
Saint Louis University

Dr. K. MICHAEL ANGELO

RECOMMENDATION

Associate Professor,

Department of Electronics and Communication Engineering, DVR and Dr. HS MIC College of Technology,

Email: kmichaelangelo@mictech.ac.in

Phone: +91-8712370640

I am pleased to recommend **Ms. Poojitha Gayatri S** who is applying for the Master's program at your university. She is pursuing Bachelor of Engineering in Electronics and Communication Engineering at our college. I have taught her "**WIRELESS SENSOR NETWORKS**" and co-ordinated with "**TECHNICAL SEMINAR**". I have known her for the past two years as my student, and I am sure she will reach the pinnace of her career through sheer hard work and dedication.

I interacted with her a lot of times and I found him very unique because she stands out when compared to the rest of the students. I found her very creative and she has an excellent grasping power. Unique students are rare to find and when we Professors find one like him, we are happy to be the one to guide her through a particular subject and help her master it, as it will be useful for her in future projects.

Her ability to work with her counterparts and even with her seniors is exemplary. With her pleasing manners, proficiency in communicating her ideas effectively, she has established an excellent rapport with his fellow students and the faculty. She has brilliant team leader skills and is competent in extracting the best out of his team members. She also has good teaching capabilities.

Having known her as a student, I am strongly convinced that **Poojitha Gaytri S** will make a significant contribution to your program. I strongly recommend her for admission to the Master's program at your prestigious university with possible financial assistance.

(Dr. K. MICHAEL ANGELO)

LETTER OF RECOMMENDATION

I am extremely glad that Ms. Sravani N has decided to pursue her Masters. I had taught her course on "Verilog Large Scale Integration". In the learning process, I find her to be dedicated. She is a student who works with conviction.

In my view, I have found Sravani N to be an outstanding student who is highly responsible and intelligent. She is a disciplined student who bears a pleasant disposition. Her excellent communication skills add to the impressiveness with which she delivers lectures and presents seminars. She maintains perfectness in all aspects and completes the work within the stipulated time.

She is very pleasant and shows good manners while interacting with faculty members and peers. With her excellent communication skills, she gets along with people well and she is a good team player. On a personal note, she comes across as a very helpful and polite student.

Her intense desire to study further, to strengthen her academic proficiency and hers attitude to always give her best distinguishes her from other students in her class. Sravani N makes an excellently suitable candidate for taking up graduate studentship. I wholeheartedly recommend her for graduate studies at your esteemed institution.

LETTER OF RECOMMENDATION

I am writing this letter in support of Ms. Lavanya V who is a student of Electronics and Communication Engineering at our college in my capacity as an associate professor at the department of Electronics and Communication engineering, I have known her for the past 3 years and have found her to be an aspiring and sincere student

I have handled the courses of "Micro Processors and Micro Controllers" in which she has done exceptionally well with an excellent score. She possesses good conceptual knowledge in the subjects and methodical work has helped her in developing a broad perspective as well as mastery over fundamentals. She has an ability to voice her ideas clearly, which greatly enhances her clarity in problem solving when approached by fellow students, tier extreme interest, persistent attitude and intellectual curiosity drive her to get deeply involved in her work and excel in it

Her major assets are her communication skills, clarity of expression and articulation. She has the necessary potential to achieve academic goals quite smoothly. Her consistent academic performance makes me easy to rate her top among her peers and she is characterized by sense of responsibility; promptness, conscientiousness, endurance and self-confidence.

In my unbiased opinion she has a rich blend of creativity and commitment required for a person who desires further studies in communication engineering. All the above qualities coupled with her pleasing demeanor, adaptability and proactive approach have convinced me to grade her among the good students. Considering her keen interest in pursuing higher studies and her preference for research oriented study, I strongly recommend her for admission into your Master's program with all possible assistance.

RECOMMENDATION

Associate Professor,

Department of Electronics and Communication Engineering, DVR and Dr. HS MIC College of Technology,

Email: kmichaelangelo@mictech.ac.in

Phone: +91-8712370640

I am pleased to recommend **Mr. Siva Ganesh G** who is applying for the Master's program at your university. He is pursuing Bachelor of Engineering in Electronics and Communication Engineering at our college. I have taught him "**WIRELESS SENSOR NETWORKS**" and co-ordinated with "**TECHNICAL SEMINAR**" have known her for the past two years as my student, and I am sure he will reach the pinnace of his career through sheer hard work and dedication.

I interacted with him a lot of times and I found him very unique because he stands out when compared to the rest of the students. I found him very creative and he has an excellent grasping power. Unique students are rare to find and when we Professors find one like him, we are happy to be the one to guide him through a particular subject and help him master it, as it will be useful for him in future projects.

His ability to work with his counterparts and even with his seniors is exemplary. With his pleasing manners, proficiency in communicating his ideas effectively, he has established an excellent rapport with his fellow students and the faculty. He has brilliant team leader skills and is competent in extracting the best out of his team members. He also has good teaching capabilities.

Having known him as a student, I am strongly convinced that **Siva Ganesh G** will make a significant contribution to your program. I strongly recommend him for admission to the Master's program at your prestigious university with possible financial assistance.

(Dr. K. MICHAEL ANGELO)

LETTER OF RECOMMENDATION

I am extremely glad that Mr. Vamsi Krishna A has decided to pursue his Masters. I had taught him course on "Verilog Large Scale Integration". In the learning process, I find him to be dedicated. He is a student who works with conviction.

In my view, I have found Mr. Vamsi Krishna A to be an outstanding student who is highly responsible and intelligent. He is a disciplined student who bears a pleasant disposition. His excellent communication skills add to the impressiveness with which he delivers lectures and presents seminars. He maintains perfectness in all aspects and completes the work within the stipulated time.

He is very pleasant and shows good manners while interacting with faculty members and peers. With his excellent communication skills, he gets along with people well and he is a good team player. His knowledge, ability and punctuality were undoubtedly the best traits presented by any student. On a personal note, he comes across as a very helpful and polite student.

His intense desire to study further, to strengthen his academic proficiency and his attitude to always give his best distinguishes him from other students in her class. Vamsi Krishna makes an excellently suitable candidate for taking up graduate studentship. I wholeheartedly recommend him for graduate studies at your esteemed institution.

LETTER OF RECOMMENDATION

It gives me immense pleasure in bearing testimony to the excellent character and conduct of **Dharani K** who is interested in pursuing her academic career in your esteemed university. I only recommend students whom I feel are well suited for the program of their choice. She has been under my tutelage for the past 4 years. Over those years I have taught her 'WIRELESS SENSOR NETWORK' course.

Through my observation I would like to day that she is attentive, articulate and studious. Her ability to visualize and link together the fundamentals of each subject makes her an ideal student. Considering her tenacious, technical ambitions and her ability, I have great confidence that she would occupy the apex position in the field of her interest.

Her intellectual prowess and capacity for experimentation are excellent. Her extensive knowledge and natural ability to understand things often astound me when I connect with her .She is deserving of prize for her academic capacity and sheer effort by interacting directly with the instructors and motivley being involved in avariety of extracurricular activities, she demonstrated a strong desire to broaden her knowledge.

In my view above a person of her caliber can excel in this stimulating and challenging environment of graduate research . I am certain with her dedication and motivation. She will turn into an outstanding graduate student. Hence I strongly recommend her for the Master program in your esteemed university.

LETTER OF RECOMMENDATION

It gives me immense pleasure in bearing testimony to the excellent character and conduct of Ms. L A S Sathwika K who is interested in pursuing her academic career in your esteemed university. I only recommend students whom I feel are well suited for the program of their choice. She has been under my tutelage for the past two years. Over these years I have taught her 'Wireless Sensor Network' course.

Through my observation, I would like to say that she is attentive, articulate and studious. Her ability to visualize and link together the fundamentals of each subject makes her an ideal student. Considering her tenacious, technical ambitions and her ability, I have great confidence that Ms. L A S Sathwika K Sushma would occupy the apex position in the field of her interest.

She has excellent intellectual and experimental abilities from the beginning. During my interactions with her, she always amazes me with her in-depth knowledge and innate ability to grasp. Her intellectual potential and sheer hard work are worthy of mentions. She showed a great deal of interest in widening her knowledge by closely interacting with the faculty and actively involving and participating in various extracurricular activities. Her leadership and organizing capabilities were proved when she was successful in conducting a project in her last semester.

In my view, a person of her caliber can excel in this stimulating and challenging environment of graduate research. I am certain with her dedication and motivation. Ms. L A S Sathwika K will turn into an outstanding graduate student. Hence, I strongly recommend her for the Master program in your esteemed university. I wish her all the best and in case of any further queries feel free to contact me at my mail ID above.

LETTER OF RECOMMENDATION

I am extremely glad that Mr. Sai Tejeswar Reddy A has decided to pursue his Masters. I had taught him course on "Verilog Large Scale Integration". In the learning process, I find him to be dedicated. He is a student who works with conviction.

In my view, I have found Mr. Sai Tejeswar A to be an outstanding student who is highly responsible and intelligent. He is a disciplined student who bears a pleasant disposition. His excellent communication skills add to the impressiveness with which he delivers lectures and presents seminars. He maintains perfectness in all aspects and completes the work within the stipulated time.

He is very pleasant and shows good manners while interacting with faculty members and peers. With his excellent communication skills, he gets along with people well and he is a good team player. His knowledge, ability and punctuality were undoubtedly the best talks presented by any student. On a personal note, he comes across as a very helpful and polite student.

His intense desire to study further, to strengthen his academic proficiency and his attitude to always give his best distinguishes him from other students in her class. Tejeswar makes an excellently suitable candidate for taking up graduate studentship. I wholeheartedly recommend him for graduate studies at your esteemed institution.

LETTER OF RECOMMENDATION

It gives me immense pleasure in bearing testimony to the excellent character and conduct of **Vamsi A** who is interested in pursuing his academic career in your esteemed university. I only recommend students whom I feel are well suited for the program of their choice. He has been under my tutelage for the past 4 years. Over those years I have taught him '**WIRELESS SENSOR NETWORK**' course.

Through my observation I would like to day that he is attentive, articulate and studious. His ability to visualize and link together the fundamentals of each subject makes him an ideal student. Considering his tenacious, technical ambitions and his ability, I have great confidence that he would occupy the apex position in the field of his interest.

His intellectual prowess and capacity for experimentation are excellent. His extensive knowledge and natural ability to understand things often astound me when I connect with his . He is deserving of prize for his academic capacity and sheer effort by interacting directly with the instructors and motivily being involved in avariety or exta curricular activities, he demonstrated a strong desire to broaden his knowledge.

In my view above a person of his caliber can excel in this stimulating and challenging en ironment of graduate research . I am certain witl his dedication and motivation. He will turn into an outstanding graduate student. Hence I strongly recommend him for the Master program in your esteemed university.

LETTER OF RECOMMENDATION

It gives me immense pleasure in bearing testimony to the excellent character and conduct of Mr. Venkata Sri Harsha Ch who is interested in pursuing his academic career in your esteemed university. I only recommend students whom I feel are well suited for the program of their choice. He has been under my tutelage for the past two years. Over these years I have taught him 'Wireless Sensor Network' course.

Through my observation, I would like to say that he is attentive, articulate and studious. His ability to visualize and link together the fundamentals of each subject makes him an ideal student. Considering his tenacious, technical ambitions and his ability, I have great confidence that Mr. Venkata Sri Harsha Ch would occupy the apex position in the field of his interest.

He has excellent intellectual and experimental abilities from the beginning. During my interactions with him, he always amazes me with his in-depth knowledge and innate ability to grasp. His intellectual potential and sheer hard work are worthy of mentions. He showed a great deal of interest in widening his knowledge by closely interacting with the faculty and actively involving and participating in various extracurricular activities. His leadership and organizing capabilities were proved when he was successful in conducting a project in his last semester.

In my view, a person of his caliber can excel in this stimulating and challenging environment of graduate research. I am certain with his dedication and motivation. Ms. Venkata Sri Harsha Ch will turn into an outstanding graduate student. Hence, I strongly recommend him for the Master program in your esteemed university. I wish him all the best and in case of any further queries feel free to contact me at my mail id mentioned above.

LETTER OF RECOMMENDATION

I am writing this letter in support of Mr. Yuva Kiran G who is a student of Electronics and Communication Engineering at our college In my capacity as an associate professor at the department of Electronics and Communication engineering, I have known him for the past 3 years and have found him to be an aspiring and sincere student

I have handled the courses of 'Micro Processors and Micro Controllers " in which he has done exceptionally well with an excellent score. He possesses good conceptual knowledge in the subjects and methodical work has helped him in developing a broad perspective as well as mastery over fundamentals. He has an ability to voice her ideas clearly, which greatly enhances his clarity in problem solving when approached by fellow students, tier extreme interest, persistent attitude and intellectual curiosity drive him to get deeply involved in his work and excel in it

His major assets are communication skills, clarity of expression and articulation He has the necessary potential to achieve academic goals quite smoothly, His consistent academic performance makes me easy to rate him top among his peers and he is characterized by sense of responsibility; promptness, conscientiousness, endurance and self-confidence.

In my unbiased opinion he has a rich blend of creativity and commitment required for a person who desires further studies in communication engineering. All the above qualities coupled with his pleasing demeanor, adaptability and proactive approach have convinced me to grade him among the good students Considering his keen interest in pursuing higher studies and his preference for research oriented study, I strongly recommend him for admission into your Master's program with all possible assistance.

LETTER OF RECOMMENDATION

I take immense pleasure in introducing one of my outstanding student Ms. BHARGAVI P whom I know for the past few years. I have taught her the course of "CRYPTOGRAPHY AND NETWORK SECURITY & UNIX AND SHELL PROGRAMMING". This interaction with her provides me sufficient information to gauge and assess the intellectual capability and analytical skills that she has developed during her course. I would rank her among the top 5% of the students I have taught in my experience. I think some of my observations are worth mentioning while I pen down my letter recommending her to your University.

I find Ms. BHARGAVI P to be hard working, diligent and sincere in her efforts and feel that her practical and logical approach of handling the problems presented should be brought to your notice. In her, I find the commitment desirous of a good student, meticulous with the right blend of attitude, merit and determination. She had the capability to work effectively and efficiently in a team as well as alone. Often I would find her providing assistance to her batch members.

Her ability to work with counter parts and even with her seniors is exemplary. With her pleasing manners, proficiency in communicating her ideas effectively, she has established an excellent rapport with her fellow students and the faculty. Her performance in the course has been superior, impressing me with her commitment to learn and think innovatively. She is a student with self-reliance and good levels of self-confidence.

Ms. BHARGAVI P is a student of high moral and ethical standards. I am sure she will put forth all her effort into any task that she confronts. In view of all the above facts, I strongly recommend her, without any hesitation, for admission into Master's program with possible financial assistance. Wishing all the success in her future endeavors.

LETTER OF RECOMMENDATION

I am delighted to recommend Mr. CHITTI RUPAS M, who is interested in pursuing his Masters at your esteemed university. As a faculty of Computer Science & Engineering Department of DVR and Dr. HS MIC College of Technology, I have known him for four years of his under-graduation at our college. My appraisal of his application for graduation studies is based on my acquaintance with him.

I have been able to gauge his strengths and abilities. He has a terrific ability to draw on his experiences and develop thoughtful opinions on a variety of issues. I taught him "SOFTWARE TESTING METHODOLOGIES". He has a good hold on the above subjects. He is an individual with good subject involvement and his systematic approach is evident from his exceptional aptitude in engineering profession. His technical knowledge is no doubt an asset to him.

Mr. CHITTI RUPAS M is driven by inspirations, incorporated by new ideas and guided by strong fundamentals. He has ardency for technological innovations in the contemporary world. This is clearly visible by the field he choose for his academic projects. He could converse fluently and very coherently and was successful in explaining his points clearly in project presentations. He has got the potential to perform well in a highly competitive atmosphere.

In short, I would like to say Mr. CHITTI RUPAS M is a hardworking, courteous individual, who in my opinion is well suited for research. His aptitude that combines perseverance, commitment and creativity will certainly make him a valuable member of your institution. I strongly recommend his candidature and will be glad to entertain any further communication in this regard.

LETTER OF RECOMMENDATION

I take immense pleasure in introducing one of my outstanding student Ms. SOWJANYA K whom I know for the past few years. I have taught her the course of “CRYPTOGRAPHY AND NETWORK SECURITY & UNIX AND SHELL PROGRAMMING”. This interaction with her provides me sufficient information to gauge and asses the intellectual capability and analytical skills that she has developed during her course. I would rank her among the top 5% of the students I have taught in my experience. I think some of my observations are worth mentioning while I pen down my letter recommending her to your University.

I find Ms. SOWJANYA K to be hard working, diligent and sincere in her efforts and feel that her practical and logical approach of handling the problems presented should be brought to your notice. In her, I find the commitment desirous of a good student, meticulous with the right blend of attitude, merit and determination. She had the capability to work effectively and efficiently in a team as well as alone. Often I would find her providing assistance to her batch members.

Her ability to work with counter parts and even with her seniors is exemplary. With her pleasing manners, proficiency in communicating her ideas effectively, she has established an excellent rapport with her fellow students and the faculty. Her performance in the course has been superior; impressing me with her commitment to learn and think innovatively. She is a student with self-reliance and good levels of self-confidence.

Ms. SOWJANYA K is a student of high moral and ethical standards. I am sure she will put forth all her effort into any task that she confronts. In view of all the above facts, I strongly recommend her, without any hesitation, for admission into Master's program with possible financial assistance. Wishing all the success in her future endeavors.

LETTER OF RECOMMENDATION

I take immense pleasure to recommend Mr. SUDHEER BABU CH for his admission in your esteemed school. He has learned the subject “DATABASE MANAGEMENT SYSTEMS” under my guidance and supervision. It is during this period that I observed his enthusiasm and zeal to learn these subjects. He is one of the most conscientious and eloquent student. Concerned about his studies he is always indubitable.

Mr. SUDHEER BABU CH always studious and interested in these subjects. His dedication towards the academics is sublime and is evident from her excellent grades in this subject. He is a diligent and hardworking student. He is very quick at grasping concepts. He has consistently performed well in the class and has a good understanding of the fundamentals along with a strong desire to learn and enrich his knowledge.

I greatly admire him for having the desire to understand even complex subjects that are not included in the curriculum. As one of the top students in the class, he has distinguished himself. He has a wide range of innovative thoughts and is a good observer and quick learner..

He has shown his spontaneity, sheer knowledge and ability to grasp quickly during the .class hours which are dedicated to seminars related to this subject. He has good academic career and has shown a pragmatic approach towards his studies. I find him to be a dedicated and industrious student this can be demonstrated by his academic performance and I am very confident that he will excel in his higher studies and he will be a prospect for the future of your university.

LETTER OF RECOMMENDATION

I am pleased to recommend Ms. GEETHA SREE PRIYA N for the master's program in your university. I have known her from last 4 years. She is one of the most promising students I have come across.

She has been my student in "DATABASE MANAGEMENT SYSTEMS" in 6th semester. During the period of my association with her I was able to gauge her innate abilities to understand the basic concepts and apply them to tackle the problems associated with it. I'm frilly confident about the knowledge in her graduation and I would rate her among the top 10% within the class of 59 students.

As a student she was dedicated to her assignments given to her and finished them on time. She was always been a hard worker and I am impressed with her quick perception and in her reproduction of concepts. Her application is praiseworthy. Perseverance, sincerity and thirst for knowledge have always been the hallmark of her personality.

She has also taken seminars in our college. Proficiency in English through knowledge of the subject coupled with the style of her teaching in a clear and lucid manner made her seminars very interesting and informative. She also has the rare quality of time management and strikes the right balance between her academic and personal commitments. Her maturity, competence and ability to work diligently indicate that she can perform well these strengths and co-operative nature. I firmly believe you would make her a successful candidate for pursuing higher studies in your university.

With frill confidence in her abilities, I personally have a strong feeling that Ms. GEETHA SREE PRIYA N is a deserving personality for masters at your esteemed University along with a suitable financial support.

LETTER OF RECOMMENDATION

I take immense pleasure to recommend Mr. FAIZ SK for his admission in your esteemed school. He has learned the subject “DATABASE MANAGEMENT SYSTEMS” under my guidance and supervision. It is during this period that I observed his enthusiasm and zeal to learn these subjects. He is one of the most conscientious and eloquent student. Concerned about his studies he is always indubitable.

Mr. FAIZ SK always studious and interested in these subjects. His dedication towards the academics is sublime and is evident from her excellent grades in this subject. He is a diligent and hardworking student. He is very quick at grasping concepts. He has consistently performed well in the class and has a good understanding of the fundamentals along with a strong desire to learn and enrich his knowledge.

I greatly admire him for having the desire to understand even complex subjects that are not included in the curriculum. As one of the top students in the class, he has distinguished himself. He has a wide range of innovative thoughts and is a good observer and quick learner..

He has shown his spontaneity, sheer knowledge and ability to grasp quickly during the .class hours which are dedicated to seminars related to this subject. He has good academic career and has shown a pragmatic approach towards his studies. I find him to be a dedicated and industrious student this can be demonstrated by his academic performance and I am very confident that he will excel in his higher studies and he will be a prospect for the future of your university.

LETTER OF RECOMMENDATION

I have exorbitant pleasure in writing this letter of recommendation for Mr. VASU V who is intending to pursue MS at your institution. I know him for the past three years as an under graduate student where I offered courses in the field of "JAVA PROGRAMMING". I would like to elucidate few facts about him that impressed me the most. He has shown interest in subject right from the beginning and commitment towards the work. He is quite ambitious and career driven.

I feel that his diligence and expedient analysis represents his competency towards research. He posses high level of moral and ethical standards, self-confident. Technological skills, communication skills and always motivated to take up new challenges and I am always galvanized with him. I strongly believe his sound knowledge of fundamentals, a truly remarkable ability to apply theory to practical situations and high motivation to keep abreast with the least information.

His deep understanding of the subject, as well as his hunt for knowledge constantly impressed me. He has repeatedly proven his conceptual ability and creative outlook in solving problems. Keeping in view all the above stated facts I would rate him among one of the Topper in class. His behavior with teacher and reverential attitude towards elders is admirable.

With all these achievements under his belt and considering him strong foundation. Confess a bright future ahead for Mr. VASU V and recommend him for your university. I am sure that his talent will be utilized and proven in your university if given an opportunity.

Thank You for Your Letter

Dear Chetana V,

Illinois Institute of Technology faculty have found your letter of recommendation invaluable in assessing T Lalitha Kumari's application to the program.

In this light, I'd like to share with you some important information about Illinois Tech.

With more than 120 programs across eight colleges, Illinois Tech offers rigorous, relevant degrees in high-impact fields that are driving innovation. We offer degrees in engineering, science, architecture, business, design, human sciences, applied technology, and law. We know the education we provide is great—and so are our outcomes. We often hear from other institutions as well as employers that our graduates are more prepared than graduates of many other universities.

We Count on Your Recommendation of Us

Your recommendation letter has helped to both recruit and admit a very bright student to our university. We hope that you will continue to recommend Illinois Tech as an academic institution that is strongly committed to the growth of its students. We receive thousands of applications to our programs, so having a good recommendation helps us to efficiently streamline the decision-making process.

T Lalitha Kumari's on their way to participating in an exceptional higher-education experience. You have our heartfelt gratitude for taking the time to help T Lalitha Kumari achieve their dream.

Sincerely,

Rosa Alvarado

LETTER OF RECOMMENDATION

I have exorbitant pleasure in writing this letter of recommendation for Ms. **LALITHA KUMARI T** who is intending to pursue MS at your institution. I know her for the past three year as an under graduate student where I offered courses in the field of "**JAVA PROGRAMMING**". I would like to elucidate few facts about her that impressed me the most. She has shown interest in subject right from the beginning and commitment towards the work. She is quite ambitious and career driven.

I feel that her diligence and expedient analysis represents her competency towards research. She posses high level of moral and ethical standards, self-confident. Technological skills, communication skills and always motivated to take up new challenges and I am always galvanized with her. I strongly believe her sound knowledge of fundamentals, a truly remarkable ability to apply theory to practical situations and high motivation to keep abreast with the least information.

Her deep understanding of the subject, as well as her hunt for knowledge constantly impressed me. She has repeatedly proven her conceptual ability and creative outlook in solving problems. Keeping in view all the above stated facts I would rate her among one of the Topper in class. Her behaviour with teacher and reverential attitude towards elders is admirable.

With all these achievements under her belt and considering her strong foundation. I confess a bright future ahead for Ms. **LALITHA KUMARI T** and recommend her for your university. I am sure that her talent will be utilized and proven in your university if given an opportunity.

LETTER OF RECOMMENDATION

I am delighted to recommend **RAJA RAVINDRA N**, who is interested in pursuing him Masters at your esteemed university. As a faculty of Computer Science & Engineering Department of **DVR and Dr. HS MIC College of Technology**, I have known him for four years of him under-graduation at our college. My appraisal of him application for graduation studies is based on my acquaintance with him.

I tutored his on the subject "**SOFTWARE ENGINEERING**" in the third semester. He showed great interest on the subject and has firm grip over the fundamentals. Under this course he had developed a understanding of fundamentals and design procedure of software engineering. In such different and theoretical subject, he tried to imbibe practical approach to every concept.

Mr. RAJA RAVINDRA N has good communication skills and soft skills. I had the opportunity to observe his working in a group in the lab sessions. On a personal level, **RAJA RAVINDRA N** is a well-mannered and polite individual. He gets along well with almost any body and has god relationship with his peers which assures that he is a good team player.

I can say he has the right kind of qualities to go in for graduate studies. He is a promising student and is fit to study in your institution. I strongly recommend him for consideration in to your esteemed institution and I am sure he will undoubtedly prove himself to be an asset to your institution.

LETTER OF RECOMMENDATION

I am delighted to recommend **SAI CHAITANYA P**, who is interested in pursuing him Masters at your esteemed university. As a faculty of Computer Science & Engineering Department of **DVR and Dr. HS MIC College of Technology**, I have known him for four years of him under-graduation at our college. My appraisal of him application for graduation studies is based on my acquaintance with him.

I tutored his on the subject "**SOFTWARE ENGINEERING**" in the third semester. He showed great interest on the subject and has firm grip over the fundamentals. Under this course he had developed a understanding of fundamentals and design procedure of software engineering. In such different and theoretical subject, he tried to imbibe practical approach to every concept.

Mr. SAI CHAITANYA P has good communication skills and soft skills. I had the opportunity to observe his working in a group in the lab sessions. On a personal level, **SAI CHAITANYA P** is a well-mannered and polite individual. He gets along well with almost any body and has god relationship with his peer which assures that he is a good team player.

I can say he has the right kind of qualities to go in for graduate studies. He is a promising student and is fit to study in your institution. I strongly recommend him for consideration in to your esteemed institution and I am sure he will undoubtedly prove himself to be an asset to your institution.

Discover. Create. Solve.

Thank You for Your Letter

Dear D. Prasad,

Illinois Institute of Technology faculty have found your letter of recommendation invaluable in assessing B Satish's application to the program.

In this light, I'd like to share with you some important information about Illinois Tech.

With more than 120 programs across eight colleges, Illinois Tech offers rigorous, relevant degrees in high-impact fields that are driving innovation. We offer degrees in engineering, science, architecture, business, design, human sciences, applied technology, and law. We know the education we provide is great—and so are our outcomes. We often hear from other institutions as well as employers that our graduates are more prepared than graduates of many other universities.

We Count on Your Recommendation of Us

Your recommendation letter has helped to both recruit and admit a very bright student to our university. We hope that you will continue to recommend Illinois Tech as an academic institution that is strongly committed to the growth of its students. We receive thousands of applications to our programs, so having a good recommendation helps us to efficiently streamline the decision-making process.

B Satish is on their way to participating in an exceptional higher-education experience. You have our heartfelt gratitude for taking the time to help B Satish achieve their dream.

Sincerely,

Rosa Alvarado

LETTER OF RECOMMENDATION

I deem it a pleasure to introduce **Ms. SRAVANI K** who has been my under graduate student in the department of Civil Engineering. I have taught her "SOFTWARE ENGINEERING". I had observed her at very close quarters and these observations brought me a clear picture about her.

I found her sincere and bright student with a strong desire to pursue perspective carrier in the field of Computer Science Engineering, her ability to interact with people has always impressed me, and she had attended to classes regularly. Although my subjects require understanding skills, she was able to cope up with the subject with her ability to work hard and problem solving skills. She was good at analyzing difficult situations and derives logical solution. Her academics were quite impressive. Apart from her academics she was very good at communication and organizational skills. I found her very active at organizing and participating in various activities in and out of the department. In my interaction with her I was impressed at her sense of commitment and hard work.

Her command over English is fairly comfortable and quite impressive, which I observed when she was handling different seminars conducted at our college. She was a student who is always enthusiastic and eager to know new information from me.

She quest for knowledge and perseverance for excellence ideally qualify her for any Masters course. I recommend and I am confident that she will continue to be a promising, competitive, sincere and an ideal student for her Masters at your university.

LETTER OF RECOMMENDATION

I take immense pleasure to recommend **AKANKSHA A** for her admission in your revered university. Having taught her the subject "**Data Structures**" during this period I have observed her enthusiasm and zeal to learn these subjects. She is one of the most conscientious and eloquent student. Concerned about her studies she is always indubitable.

She is always studious and interested in the subject. Her dedication towards academics is sublime and is evident from her excellent grades in this subject. She is a diligent and hardworking student. She is very quick at grasping concepts. She has consistently performed well in the class and has a good understanding of the fundamentals along with a strong desire to learn and enrich her knowledge.

I really appreciate her for his zeal to learn even the advanced topics which are not covered in the curriculum. She has distinguished herself as one of the best student in the class. She is a keen observer and a quick grasper with a wide range of innovative ideas.

AKANKSHA A has shown her spontaneity, sheer knowledge and ability to grasp quickly during the class hours which are dedicated to seminars related to this subject. I find her to be a dedicated and industrious student. This can be demonstrated by her academic performance and I am very confident that she will excel in her higher studies and she will be a prospect for the future of your university.

I wish her all the success in her pursuits of academic advancements and career

LETTER OF RECOMMENDATION

I take immense pleasure to recommend **FAYAZ SK** for her admission in your revered university. Having taught her the subject "**Cyber Security**" during this period I have observed her enthusiasm and zeal to learn these subjects. She is one of the most conscientious and eloquent student. Concerned about her studies she is always indubitable.

She is always studious and interested in the subject. Her dedication towards academics is sublime and is evident from her excellent grades in this subject. She is a diligent and hardworking student. She is very quick at grasping concepts. She has consistently performed well in the class and has a good understanding of the fundamentals along with a strong desire to learn and enrich her knowledge.

I really appreciate her for his zeal to learn even the advanced topics which are not covered in the curriculum. She has distinguished herself as one of the best student in the class. She is a keen observer and a quick grasper with a wide range of innovative ideas.

FAYAZ SK has shown her spontaneity, sheer knowledge and ability to grasp quickly during the class hours which are dedicated to seminars related to this subject. I find her to be a dedicated and industrious student. This can be demonstrated by her academic performance and I am very confident that she will excel in her higher studies and she will be a prospect for the future of your university.

I wish her all the success in her pursuits of academic advancements and career

LETTER OF RECOMMENDATION

I take immense pleasure to recommend **RENUKA CHOWDARY M** for her admission in your revered university. Having taught her the subject "**Data Science**" during this period I have observed her enthusiasm and zeal to learn these subjects. She is one of the most conscientious and eloquent student. Concerned about her studies she is always indubitable.

She is always studious and interested in the subject. Her dedication towards academics is sublime and is evident from her excellent grades in this subject. She is a diligent and hardworking student. She is very quick at grasping concepts. She has consistently performed well in the class and has a good understanding of the fundamentals along with a strong desire to learn and enrich her knowledge.

I really appreciate her for his zeal to learn even the advanced topics which are not covered in the curriculum. She has distinguished herself as one of the best student in the class. She is a keen observer and a quick grasper with a wide range of innovative ideas.

RENUKA CHOWDARY M has shown her spontaneity, sheer knowledge and ability to grasp quickly during the class hours which are dedicated to seminars related to this subject. I find her to be a dedicated and industrious student. This can be demonstrated by her academic performance and I am very confident that she will excel in her higher studies and she will be a prospect for the future of your university.

I wish her all the success in her pursuits of academic advancements and career

Illinois Tech Recommendation Request <grad.recommend@iit.edu>
To<anuradha@mictech.ac.in>

Tue, Oct 11,2022 at 7:38 PM

ILLINOIS TECH Discover Create. Solve

Dear Anuradha A

I have started an application to the Master In Information Technology and Management program at Illinois Institute of Technology, College of Computing and request a letter of recommendation from you. My application will be reviewed within the next two weeks and I would greatly appreciate if you could complete my recommendation in this time frame.

Guidelines for Letters of Recommendation

Letters of recommendation should include the following:

- A testament to the applicant's skills, academic ability, and potential for graduate-level studies.
- Specific examples of how the applicant's skills, academic ability, and potential for graduate-level studies have successfully prepared them for their chosen field of study.

Please complete your recommendation by providing examples of support through our secure website. To submit your recommendation, please use the link below. This link is unique to this recommendation and should not be shared or forwarded.

[Submit Recommendation Here](#)

If you have any questions about the recommendation process, please feel free to contact us at admissions@id.iit.edu or 312.567.3020.

Thank you for your time and support!
